River Valley Public School, S.S. No. 19, Sidney, Held Farewell Day

"The old order changeth giving place to new", but not always without mixed feeling of sadness, loneliness, nostalgia and reminiscence, as was seen at "Open House" — a farewell day, at River Valley School, on June 24, 1969.

A large number of former pupils, parents, teachers and friends joined the current pupils, thirty-three in number (grade 4 to 8) and Glen Ross pupils (grades 1 to 3), eighteen in number, at River Valley School, S.S. No. 19, on Highway 33, three miles south of Stirling.

This brick school, built in 1881, along with the little red painted frame building (a common school) on the same site and two earlier log schools, have served their community well and long. They have turned out leaders found in every walk of life. There is a record of over 30 who have left the school to take up the teaching profession, not only elementary but High School and now to supervision level.

This school was always the backbone of the community and around it parents and pupils worked, creating an extra pride and school spirit of goodwill and friendliness handed down from one generation to the next. These schools have always been used for a community centre by the adults. This, at one time, included church, Sunday school and funerals for the nearby Pioneer Cemetery. Many an adult organization also gathered there for their activities and fun and recreation.

For this occasion, the last teacher, Mr. G. Bennett (since 1965) and his wife, Mrs. Bennett (Glen Ross School) and the pupils decorated the school with flowers, art and exhibits of school work. The pupils, working in relayed groups, displayed some of the new methods of education. Some of these groups were: Science, Social Studies (Japan and Lapland), Writing, Art, Health, newest text books, note books, etc. As it was a come and go party, visitors mingled among the groups, admiring and asking questions.

On the platform, Mrs. Roy Bush, Curator for River Valley W.I., displayed the Tweedsmuir History, especially the school section, showing many historic sketches, such as, "Winning the First Flag and Flag Pole", school fairs, Story of the prize plaques and pictures, etc., many pictures of school groups and teachers dating from 1878 to the present and modern activities. Mrs. Bush received all her elementary education in this school, as well as teaching there for several years. Mrs. Reg. Coombes, a resident after marriage, taught the longest number of years in the school on record, and is at the present time teaching in Frankford.

The River Valley Women's Institute served a dainty lunch of cookies, tea and coffee from an attractive table, throughout the day, which all enjoyed.

Near the close of the afternoon, Mrs. Roy Tucker, President of River Valley W.I., called order and the attention to Mr. G. Bennett. Mrs. Gerald Brooks, Secretary, read and address of appreciation to Mr. Bennett for his cheerful co-operation and work with the W.I. and community. His willingness to help at any time, in any way, was much appreciated and will be remembered. Mrs. J. L. Donohoe, Treasurer, presented him with a special paper opener. Mr. Bennett expressed his surprised thanks.

Mr. Gordon Wilman, Deputy-Reeve of Sidney Township, brought greetings from Sidney, in lieu of Reeve Jack Bush. He also spoke of the work of the W.I.

On June 27th, the pupils presented Mr. Bennett with cuff links and a tie pin.

Having always used the school as a hall, the River Valley Women's Institute, in 1958, built an addition to the building where they and the school co-operated in many ways. At one time, the kitchen was used as a class room. The W.I. is left to anchor the community and is expecting and hoping to carry on in these buildings. In years gone by, many supplies, modern equipment and methods such as music, health, school lunches, playground equipment, etc., were introduced by the W.I. before education became organized as it is today.

Glamour Coiffure Changes Location

Dennis Armstrong, who has operated the Glamour Coiffure Beauty Salon on the south side of Front St. for the past five years, has moved his business to the Hatton Block, across the street from his former location.

The building has been completely renovated and is ultra modern in every aspect.

Erecting Home

Mr. and Mrs. Garry Mason, of town, are erecting a new home on the north side of St. James Street. They recently purchased the lot from Robert Hatton.

SPORT NOTES

(By Mike Finnigan)

Glen Ross Elaines defeated Johnstown by the score of 12-1 last Thursday night. They exploded for six runs in the first inning. The team seemed to be getting their hitting power back. Everyone contributed to the offensive display.

The Stirling Juveniles, playing an exhibition game last Sunday, defeated the Trenton Machine Midgets by a score of 7-2.

Crookston defeated Glen Ross by the score of 4-1 behind the strong pitching of Wayne Shaw, who struck out nine. Glen Spencer and Robert Cooke each collected a pair of hits.

Stirling Public Library News

The Stirling Public Library has slowed its hurried pace, dealing with essays, seminars, speeches and book reports, and has an aura of relaxed pleasure as students at last have time to read books of their own choice and desire.

Books are being sought for the summer reading lists of those taking courses or preparing for their fall studies. We are pleased to order anything we do not have on our shelves, through inter-library loan. There are many good books currently being enjoyed, and some titles are: "The Distemper of Our Times", by Peter Newman; "The Arms of Krupp", by Manchester, an expose of the insidious power of this armament family; "The Voyage to Atlantis", by James Marvor; "The Nine Hundred Days", by Harrison Salisbury, a highly readable account of the siege of Leningrad in World War II; "The Village Blacksmith", a book sure to be enjoyed by our older readers in a trip down memory lane. For the fairer sex, "Patchwork Today" is a good book on the art of quilt-making. Many other non-fiction books are on our shelves including the controversial "Bird in A Gilded Cage", by Judy LaMarsh, and "The Money Game", by Adam Smith.

Some excellent fiction books, too, will be sure to be "fun" summer reading: "The Black Ship", by Mandel; "The Song of the Young Sentries", by Westheimer, author of "My Sweet Charlie"; "By the Pricking of My Thumbs", by Agatha Christie; "The Saltburg Connection", by Helen MacInnes; "Sunday the Rabbi Stayed Home", by Kemelman, and, of course, "Airport", by Arthur Hailey.

Many other good titles are missing from the above list, but if you have missed "Black Like Me", do read it! Younger readers are not forgotten. Some new picture books for the beginning readers are "White Snow, Bright Snow", by Alvin Tresselt, telling the wonders of the changing seasons, and "How Far is Far", by the same author, answers full of magic and mystery to the questions most children ask.

"Miss Twiggley's Tree", by Dorothea Fox, introduces us to Miss Twiggley, who lived in a tree, her friends, and those who strongly disapproved of her because she actually "slept in her hat". How everyone learns a lesson and finds friendship instead of disaster makes an intriguing story. "Gillygoat", by George Mendoza, tells the tale of a strange and bewitching fish; "Little Indian", by Peggy Parish, is a title that speaks for itself, and "Peter's Chair" is another outstanding book by Ezra Jack Keats. For fun, don't miss Martin Gardner's hilarious poems about children's behavior, "Never Make Fun of a Turtle, My Son".

Summer is here, and perhaps the weather will co-operate so — Happy Reading!

"Folk Mass"

On Sunday, June 29th, the Order of Holy Communion was celebrated in the Anglican Churches of Stirling, Frankford and Glen Miller to the music of "An American Folk Mass", by The Rev. Ian Mitchell.

The Communion Service was basically unchanged. What was changed was the music setting, accompanied by a guitar, tambourine, autoharp, drum and recorders.

This was an attempt by the young people of the Parish to celebrate Communion with the music and instruments that are more familiar to them. The fact that they performed this in everyday clothes expresses their feeling that worship should come from everyday experiences of life.

In place of the usual spoken sermon, the young people chose to present two pieces of music that they hoped would provoke thought.

Games of All Kinds, Round and Square Dancing at Rotary Fair

All roads lead to Stirling on Monday night next, July 7th, for the annual Rotary Fair and Dance, under the auspices of the Stirling Rotary Club.

The Rotary Fair will be held at the Henry Street Ball Park. Dancing will be enjoyed on the asphalt playing surface of the tennis court.

Street Fair Chairman Dr. Jan Jagaciak has everything in readiness for a gala night and citizens of Stirling and surrounding districts are invited for the occasion. The Rotary Club is in need of funds to carry on its work which includes: swimming instruction for local children, financial assistance to the Ontario Society for Crippled Children, students' loans, rehabilitation for crippled children, transportation and lodging for children to "Merrywood on the Rideau" Camp for crippled children and general welfare work. Your support is needed to keep up the splendid work being carried on by the local service club.

Games of all kinds will be in operation.

The popular "Trolls" orchestra will furnish music for dancing.

Draw

During the evening the grand drawing for cash prizes will be made.

Tickets, which admit one to the Fair will be on sale until just before the drawing and everyone is urged to buy a ticket and a chance on the prizes.

If you have never visited a camp where there are 70 to 100 crippled children, may we suggest that you do so at your earliest convenience that you may see, at first hand, the work that is done there.

The Stirling Rotarians have done a splendid work in assisting crippled children throughout this district and are worthy of the whole-hearted support of every citizen. They appreciate your support in the past and all that you may do to assist in this great work.

Remember the place and date — Stirling Ball Park, on Monday night next, July 7th. Come and bring your friends.

Bowling Tourney Proves Successful

A successful Mixed Doubles Tournament, under the auspices of the Stirling Lawn Bowling Club, was held on Saturday afternoon last. Due to the reconstruction of the Stirling greens, the tournament was played on the Belleville greens. Twenty rinks were on hand from Trenton, Kingston, Madoc, Belleville and Stirling. Three-game high score was won by a Kingston rink of Kitty Owens and Ted Turner, with Vi Matthews and E. Henderson, also of Kingston, in second place. The two-game high score was also won by a Kingston rink of Irene and Hugh Galt, while the one-game high was taken by Pearl and Lyle Carr, of the Belleville Club. The greens were in excellent condition and the competition quite keen.

In Hospital

Rev. F. A. Crook is a patient in Trenton Memorial Hospital.

Senior Citizens

Over thirty Senior Citizens enjoyed various games and the impromptu lunch, prepared by Gertrude Belshaw on the spur of the moment. Pres. Fred was especially thankful, although it was not his fault that things got jumbled up. I don't know what we would do without Gertrude.

Hold July 16th open for the Provincial Senior Citizens' Picnic at the Cobourg Park. It is hoped that a full bus load will be going. Come with one dollar and a pot luck picnic basket. If you can't locate a dollar, come anyhow. The hour of departure will be announced later.

We are sorry to report that Rev. F. (Padre) Crook is a patient in Trenton Memorial Hospital and we all wish him a speedy recovery.

We believe that the house on the corner east of Mackenzie's Mill is the oldest brick house in Stirling. That's what Jack Ackers says and Jack ought to know for his Father lived there at one time.

THE BIBLE TODAY

The General Board of the Canadian Bible Society meeting in Toronto heard reports that for the first time more than \$800,000 had been provided by the Canadian Bible Society for the translation, publishing and distribution of the Scriptures outside Canada. Scripture distribution in Canada was 676,000 volumes in 75 languages, the second highest in history.

The Rev. John Weller, General Secretary (Overseas) of The British and Foreign Bible Society, informed the Board that the complete Bible is now in 242 languages, the New Testament in 662 and at least one complete book of the Bible in 1,392, an increase of 66 over the previous year. World distribution of the Scriptures through the Bible Society showed an increase of five million and reached a record of 110 million, but is still far short of what is required.

The basic human needs of people which are not met by the wealth and affluence of Canada. The objective for Scripture distribution in Canada for 1969 is 900,000 volumes.

For the Canadian Bible Society to achieve its goal in 1969 it requires contributions of over one million dollars from individuals and churches.

ANOTHER MOIRA RIVER CONSERVATION AUTHORITY PROJECT!

**County Councillors' Criticism
"Dismaying" To School Trustees**

A Hastings County trustee said last Monday night he was "burned up" over criticism levelled at the Board of Education by County Councillors.

"I was disturbed and dismayed by remarks of County councillors at their last meeting," said Donald Williams, of Stirling.

"I concur, I was stunned," added vice-chairman Raymond Rowe, of Frankford, who presided over the Board meeting in Stirling in the absence of chairman James Clarke.

Mr. Williams refuted charges by some councillors that the trustees are unaware of what is going on in education, that the administration and not the elected representatives are running education in the county, that supply allotments have been halved in some areas and that the board regards the reason for increased tax levies to be "none of the county councillors' business."

These charges are untrue," Mr. Williams said. "This board has gone out of its way to inform the public. Nor are we so glibly we don't know what is going on."

"We're dealing with more than money on this board," he asserted. "We're here to give the children the best possible education, not just to play with dollars. The first question people always ask me is 'what are you doing to improve education?'"

"How much?" always comes second. He added that the Board had been "sitting here taking criticism for six months without stating its side" and he called for "the facts" on the reported slashing of the supply allotment. Superintendent L. A. Kells told the Board the amount budgeted for supplies this year was \$20 for each elementary school pupil and \$57 for each secondary school pupil.

"Mr. Williams is burned up and we're catching fire along the table," remarked F. John Follis, of Bancroft. "I have yet to have a reeve or councillor ask me any questions about the operations of this Board, so they must be satisfied."

"You have to remember this is an election year in certain municipalities," commented Robertson Collins. The board decided against inviting

county councillors to meet with trustees for explanatory sessions. Several trustees remarked that board and committee meetings were held throughout the county and councillors are free to attend.

"After all, we're responsible to the people who elected us, not to county council," summed up Macdonald Smith.

**Taxes Not Mentioned
By Task Force**

The reports, as summarized by director of education Eric Runacres, included 23 recommendations to improve education in the county. Major suggestions made by teachers and ratepayers on the task forces included a new building for the retarded children's school in Belleville, improved health services to include optical and dental programs, kindergartens and oral French in all schools, improved school libraries extension of outdoor education.

Trustee Everett Fairman, of Belleville, noted that improved health services was a recommendation common to all reports.

"The board should take up this matter very soon," he remarked. Milford Walker, of Thurlow, questioned the method of choosing task force members.

"I understand they were picked by the principals who were chairmen of the forces, and they picked people who would think their way," he charged. "I was disappointed our area task force didn't invite the public to attend its sessions. Those in other areas did."

Mr. Runacres said the chairmen were told not to pick people who would "merely echo the establishment."

"But you can't please everyone, and in my opinion the people of the county have come up with a valuable document," he said.

He noted that legislation is now under consideration to provide for advisory committees "exactly along the lines of our task forces."

"This is one way of taking the issues in education to the county," the director said. "I commend the

**Textbooks
Passed**

Hastings County Board of Education voted to delegate its authority for approving textbooks to the Director of Education or his designate.

Trustees agreed with Mrs. Miram Graham, of Belleville, that they were hardly in the position to decide the merits of one school text over another.

The Board approved a list of about 100 books requested by the textbook

school vice-principals. Each book on the list replaces a book that has been used at least three years or it is required for a new course or extension of an existing course.

On Mrs. Graham's recommendation, the Board decided to urge the use of paperback books if they are available

"Please be quiet," cautioned the librarian. "The people near you can't read."

"They can't!" said the surprised little boy. "I've been reading since I was six."

Outdoor Life
IN HASTINGS
with ART MAC CONNELL

All game fish are now in open season as bass and muskie recently opened in our area.

Indications are that this may be a bumper year for bass fishing and it is hoped that the muskie fishing will also be productive. The bass, both the largemouth and the smallmouth, spawned a little early this year and there were numerous bass taken before the season opened, indicating a possibility of a good crop of adult fish.

If you are after the largemouth bass, fish the weedy bays around stumps, logs and lily-pads.

The smallmouth is found in slightly colder water, near rock or gravel bottoms usually in faster water in rivers, and around island or reefs in lakes.

Naturally, as the water warms, a thermocline will form in most bodies of water and the fish will seek out these more desired temperatures. Once you catch one bass, chances are you will catch more, as they quite often school together. This thermocline does not always form near the bottom but may be half way from bottom to surface and will

change with temperature, wind, rain, etc.

It may be described as a layer of water that may be only a few feet thick where the temperature is just right for fish, while above the layer the water is too warm and below the layer the water is too cold.

Mr. and Mrs. Morris Morrison and Family Honoured

Minto Community Hall was comfortably filled Friday evening when relatives, friends and neighbours gathered to bid farewell to Mr. and Mrs. Morris Morrison and family. They recently sold their farm here and are living near Bancroft.

Mr. Ken Mumby, acting as chairman, expressed regret in losing the Morrison family as neighbours and wished them good luck in their new community and venture.

Readings were given by Mrs. Geo. Sutherland and Mrs. Ken Mumby. Mrs. Art Martin sang, playing her own accompaniment on the guitar. Miss Caroline Richardson gave a piano solo.

Mr. Arthur Martin read the address and Messrs Cecil Mack and Ed Richardson presented the honoured family with two lounge chairs and three lawn chairs on behalf of the community.

Mr. and Mrs. Morrison thanked everyone for the gifts and all who were responsible in any way toward the memorable evening. They also invited all to visit them in their new home.

"For They Are Jolly Good Fellows" was sung. Some of the neighbours spoke briefly. The ladies served lunch and a social hour was enjoyed.

Bonarlaw

(Mrs. Arthur Burkitt)

(Held Over)

Mr. and Mrs. William Neal Honoured On 40th Anniversary. On Saturday evening, Mr. and Mrs. William Neal, of Bonarlaw, marked the occasion of their 40th wedding anniversary. The happy event began when the couple were entertained by their daughter and son-in-law, Mr. and Mrs. Terry Ackers, who were celebrating their 4th wedding anniversary.

Later, on arrival at the home of Mr. and Mrs. Walter Acker, Bonarlaw, they were honoured at a surprise party with their relatives and neighbours in attendance. Those present from a distance were an aunt and uncle, Mr. and Mrs. Haynes, of Stratford, and Mr. and Mrs. Killenbeck, of Warsaw.

During the evening, euchre was played, while others enjoyed dancing. Mr. W. J. Barlow acted as chairman for the occasion and congratulated Mr. and Mrs. Neal on behalf of the community. Others gave short addresses. Mr. and Mrs. Neal voiced sincere appreciation for the gifts and party in their honour. The gifts included a pole lamp, purse and many other lovely gifts.

A delectable lunch was prepared by the family and friends. Mr. and Mrs. Neal have three daughters, Mrs. Rod McKenzie, of Sydenham; Mrs. Jack Fraser, of Mar-mora; and Mrs. Terry Ackers, Bonarlaw.

Mr. and Mrs. Neal entertained the family, grandchildren and Mr. and Mrs. Haynes at Sun Luck Gardens, on Sunday evening.

Mrs. Neal was the former Elsie Neale, of London. They were married by Rev. W. Bagnell in St. Mark's Anglican Church, London. They resided at Cobourg prior to moving to Bonarlaw 25 years ago.

Minto

(Mrs. Lindsay Tanner)

(Held Over)

St. Thomas A.C.W. held a quilting at the home of Mrs. Frank McGee, on Tuesday afternoon.

Mr. and Mrs. Merrin Kemp, of Palmerson, spent the week end with Mr. and Mrs. Lindsay Tanner.

Mr. Russell Hagerman spent the week end with Mr. and Mrs. Joe Hagerman, of Oshawa.

Mr. and Mrs. Karl Sine, of Belleville, and Mr. and Mrs. Orval Jackson, of Stirling, called on Mr. and Mrs. J. B. Hagerman on Saturday afternoon.

game. A close second was Kaye Morrell's 233. The Ladies' 300 Club winner was Verna Woodbeck with 257. Neither of the winners in these two events bowled the 250 or 300 game. Sylvia Edgar had the honour this year of bowling the most 300 league scores and Ivy Poste had the highest single score of the season.

The Men's 300 Club winner was Doug Sca, with a 312 game. (Ray Poste bowled a 334 but declined in favour of Doug). The winner in each category received individual trophies and all bowlers received crests for their highest league game.

The 16th Annual Eastern Ontario Mixed Doubles Tournament was held in Deseronto this year at Lucky Strike Lanes. In order to qualify, each couple has to bowl three games in their own alley house on one of the three tournament dates posted. Each bowler may bowl as often as they wish, but only once with the same partner. They are given handicaps based on their season's average. The top two couples from Stirling won the right to bowl at Deseronto. They were: Lenora West and Ralph Sca, 1703, and Sylvia Edgar and Ralph Park, 1542. Lenora and Ralph placed third at Deseronto and each received a trophy and a tray.

Four ladies from Stirling also entered the Annual Queen of the Lanes Tournament at the Bowl-O-Drome, Belleville. Lenora West placed fourth in this event, receiving \$8.50 prize money, so she was up fifty cents on the deal after paying entry fee and lineage. However, Lenora really enjoys tournament bowling and is a good competitive bowler.

Time To Change Hours

The time is coming, says the business newspaper Home Goods Retailing, when store hours should be not extended but changed. "Traditional 9 to 6 shopping times are becoming outdated and more of a nuisance to consumers than a benefit to them," says the publication.

A recent survey of Toronto supermarkets open on Sunday quotes one chain operator as saying: "The consumers want it and they love it." A number of furniture stores which were open on the Victoria week end holiday in May drew good crowds of both buyers and lookers.

"Consumers would consider shopping more of a recreational outlet," says Home Goods Retailing. "If they could shop at more convenient hours, and this would increase the total amount spent on each purchase. There appears to be enough evidence on all sides to indicate that changes in shopping hours might be appropriate, with shopping becoming more and more a family affair."

United Church Women, Unit Four

Mrs. E. Wannamaker and Mrs. C. Summers welcomed members of Unit Four as they arrived at the Church for their June meeting. Presiding in the absence of Mrs. G. Carlisle, the 1st Vice-President, Mrs. Bruce Stapley, suitably opened the meeting. All joined in singing a hymn.

Worship
Mrs. H. West, assisted by Mrs. Ross Bush, conducted the worship service with Psalm 730 read in unison, the theme being "God's Greatness". Accompanied by Mrs. West at the piano, a solo by Mrs. W. Fitchett voiced this same thought. The offering, gathered by Mrs. R. Chambers and Mrs. C. Summers, was dedicated by Mrs. R. Bush, with Mrs. West making the closing prayer. Hymns used were 669 and 674.

Business
Mrs. Stapley called on Secretaries Mrs. V. Richardson and Mrs. J. B. Hough for minutes and reports. Mrs. M. Ayrhart read a letter of appreciation from the Supply Depot in Toronto, for clothing recently shipped, and reported that 200 tons of clothing had been sent to needy people throughout the world this year.

Mrs. Stapley reminded the women of the bazaar to be held on November 4th and asked each to pick up her letter, a copy of which was typed for each Unit member.

Unit Four decided to accept their share in the preparation by looking after supplying lunch.

Mrs. Ross Bush expressed thanks to those who had so kindly assisted in making the Tulip Festival so successful.

Mrs. Don Williams, President of General U.C.W., told of a conference for U.C. Women conducted in Albert College, Belleville, August 21-23. Programs will be interesting and sessions

on Saturday afternoon are open to anyone. Mrs. Williams asked if the women had read the article in a recent issue of the Observer, "Never Underestimate the Work of the U.C.W.".

Study
The Mission Study on China was presented, most ably, by Mrs. M. Ayrhart. To understand China is a tall order, because of its size geographically and its immense population of 750 million. China and the Western world seem to become increasingly further apart, and we wonder if this is the time to try to explore and study that country.

Since lack of communication has all too often fostered suspicion and fear, perhaps we should learn more about that vast land. Since 1952, we have become more aware of China and what is being accomplished there and are interested in trying to understand their efforts to educate, clothe, unify and enrich the life of their people.

In 1966, Canadian business men were invited to attend the Trade Fair in China, and the wife of one man wrote of their trip and impressions of what they found there. Canadian and British visitors are most welcome. Songs of their leader and his sayings are their gospel. Christianity is trod so that Christian witness is not in public. Chinese people are told that only Chairman Mao understands universal truth. In their continuous songs of Mao and saying of Mao and chanting "East is Red", there seems to be an image subjugation and mass hysteria, though unity seems to be the political cry there today.

Closing
Mrs. Stapley thanked Mrs. Ayrhart for her view of China, and others who assisted in the programme for the day, and closed the meeting, using hymn 446 and the Lord's Prayer.

A sit-down lunch was much enjoyed and appreciation was voiced by Mrs. W. Harlow.

Chevrolet Pacesetter Values

This year's cars at less than last year's prices.

You already know where most prices are going. Up. So you'd naturally expect the brand-new '69 cars shown here to cost a lot more than last year. Fact is, many cars in this year's line-up from Chevrolet cost less, much less, than last year's models. For instance, the 2-door Impala, equipped with power disc brakes, Turbo Hydra-matic transmission, whitewalls, wheel covers and head restraints, plus a bigger motor than last year, is yours for \$120.50* less than last year's figure. And comparable savings are waiting for you on many Nova, Chevelle and Camaro models. In other words, you can buy many of this year's cars at less than last year's prices. Which is what putting you first is all about. From the top, Chevy Nova, Chevelle Malibu, Camaro and Impala.

Every Chevrolet has to make it before we mark it.

Mr. Tom Mitchell presided at the console of the organ and accompanied the soloist, Mr. Don Bartle.

Given in marriage by her father, the bride wore an Empire full-length gown of white Italian cotton crepe with daisy appliques and chapel sleeves. Her full-length silk veil with scalloped edge flowed from a tiny headpiece of the same fabric as dress. She carried a white Bible with a cascade of yellow roses and white daisy streamers.

Mrs. Lynne Robinson, Toronto, as matron of honour, wore a sand silk gown, printed in muted tones of pink, yellow and white, with Empire panel line, chapel sleeves and square neckline. She carried white and yellow Shasta daisies in a wicker gathering basket.

The bridesmaids were gowned identically to the matron of honour. They were Miss Wanda Letniak, Downsview, Ontario, and Miss Linda Haggerty, Stirling, Ontario.

The two flower girls wore floor-length solid yellow tulle dresses, cut on same line as the other attendants, with a printed silk sash. Matching tiny print and yellow flowers were in their hair. They were Misses Diane and Donna Bickford.

The ushers were Mr. Ellison Boyce, Kitchener, Ontario, and Mr. Barry McDowell, Toronto, Ontario.

Let's Have The News

The summer season is here and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points.

Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know.

River Valley School

(continued from page one)

The other school was known as "Sager's School" and the name "River Valley" was given by Mrs. Chas. Morrow when this school building was completed in 1881.

The school was always a one-room, graded school until 1964 when it was divided into two groups. This last year, four pupils in Grade 8 went to Turner's, while those from the Oak Hills, who normally would have come to River Valley, went to Marsh Hill School.

Of interest was a picture, with Mr. C. DeMille, teacher, showing over 60 pupils in 1892-94 when there were 101 on the roll, with an average attendance of 75. In 1865, in the days of the Common School, an old register showed 65 on the roll.

Following is a list of teachers who taught at S.S. No. 19, Sidney:

Before 1881 — Miss Catharine Phillips, A. M. Gerow, Wm. Blanchard, Roger Clute, Miss Lizzie Irvine, Jesse Graham, Geo. Yerez, Emma Shears.

After 1881 — Miss E. Yerez, Mr. Irin, Bob Smyth, J. M. Bell, P. W. Fairman, Samuel Sawhurst, Mr. Connor, David Sager, J. A. Consaul, Jos. Frappy (4 times), Norman Green, Miss Janet Smith (Mrs. Jack Sager), Harry Hullin, Miss Alma Montgomery, Miss Patricia Scott, Miss Hettie Bailey (Mrs. Rev. Neal), Miss Waldron, Miss Eva Bird, Mr. Thompson, Miss McDonald (Mrs. White), Miss Bessie Rosebush (Mrs. Roy Bush), Miss Eva Inkster, Miss Bessie Ketcheson (Mrs. Taylor Franklin), Miss Ruth Eggleton (Mrs. Dr. Hayward), Miss Alice Morgan (Mrs. Reg. Coombes), Miss Marion Bedford (Mrs. Geo. Stricker), Miss Phyllis David (Mrs. Archie Harjes), Miss Lillian Matthews, Miss June Crosby, Miss Eleanor Taylor, Miss Marlene Blackburn (Mrs. Harold Cortfield), Mr. Wayne Jones, Miss Sharon Grant (Mrs. Dennis Green) now teaching in Stirling, Miss Kerry Blackman, Mrs. King, Mr. Glen Bennett, 1965 to 1969.

The school closed June 27, 1969. Mr. and Mrs. Bennett will be teaching in Stirling School. Most of the River Valley pupils will also attend Stirling Schools in September, 1969.

Good-bye — Goodbye, Our little school is gone. Sometimes forever we would fondly hold you, Like a little child, If we could. But you must grow and grow And keep your count In this cold world Where progress flows, You have made your mark, You took your stand. From now you'll speak But from "Foundation Land". Good-bye, Little School.

Council Gives OK For Twelve Senior Citizen Units In Village

Stirling Village Council, on Monday night, approved recommendations by the Ontario Housing Corporation for construction of twelve Senior Citizen one-bedroom units in the Village of Stirling.

The decision to build followed a survey by the Ontario Housing Corporation, which indicated "effective demand" for public housing in Stirling.

The units are to be constructed at no capital cost to the Village. However, Stirling will have to pick up 73 per cent of any deficit that might arise in the operation of the units.

Reeve D. W. Rodgers said he expected final Ontario Housing Corporation approval soon, to allow construction to begin in the near future.

Let's Have The News

The summer season is here and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points.

Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know.

Group Provides New Outlook For Single Parents

Everything, organizations, consumer goods, governmental agencies, seem to follow the trend of shortening their names by using initials these days, and another set of initials — P.W.P. has appeared on the district scene. P.W.P. — what does it stand for, where did it come from. To many, it may mean very little, but to that increasing segment of our society, the single parent family, P.W.P. — Parents Without Partners, can and does mean a great deal.

Membership is open to all single parents, those who are widowed, separated, divorced or never married. It is not necessary that the separated or divorced parent have custody of the children since it is realized that part time parents those with visiting rights also face problems of their own and of presenting the special circumstances of the new or different relationship to their children.

An international organization, Parents Without Partners, has 350 Chapters throughout the world, (15 of them in Canada in 1968), involving over 350,000 single parents according to the records at the New York headquarters. In this area a chapter has been formed taking in single parents from Belleville and Trenton and the surrounding district.

Known as the Belle-Trent Chapter, Parents Without Partners, regular general meetings are held the first and third Thursday of each month alternating between Trenton and Belleville. Visitors and prospective members are welcome. Those interested in joining may attend three regular meetings in addition to the social events before making a final decision. Parent-child activities, picnics, tours, swim parties as well as adult activities are scheduled as often as possible.

For those in the Stirling area, a member could be contacted at 395-2681 for information or transportation.

Local Students Ontario Scholars

Three local students, who attended Stirling-Rawdon District High School until Grade 12, then were transferred to Quinte Secondary School, Belleville, when the local school was closed, are Ontario Scholars. They are: Anne Watson, Cheryl Stapley and Fred Sutherland.

Lecturing At Queen's University

Mr. Lloyd Jones, John St., Department Head of History at Centennial Secondary School, Belleville, is lecturing in history methods at MacArthur College of Education, Queen's University, Kingston, during July and August.

Shower For Bride-To-Be

On Saturday evening last, Mrs. J. L. Donohoe opened her home for a bridal shower in honour of Miss Janny Zuidema, and August 2nd bride-to-be, with Mrs. J. R. Donohoe and the Misses Jean and Judy as co-hostesses.

The bride and her mother were presented with corsages of roses.

The bride was given a seat of honour, decorated for the occasion.

The evening was much enjoyed, with several games and readings by Mrs. E. Carr, Miss Maria Heasman, Miss Eleanor Bush, Mrs. Jack Bush and Miss Jean Donohoe.

Mrs. Donohoe read an address to Janny, after which she opened her lovely gifts and thanks were extended by her for the gifts and the lovely evening.

A delicious lunch was served by the Donohoes, assisted by Miss Joyce Carr.

Interdenominational Work Camp

The following is a report made up by the campers who attended a bilingual, interdenominational work camp, June 21 to 25th, held at the Anglican Church Camp, Camp Hyanto, Lyndhurst, Ontario.

Campers from the Parish of Stirling, Rawdon and Glen Miller were: The Rev. M. J. Caswell, Sharon Ireland, Ruth Rose, Wayne McCurdy, Rod Mackey and Jim Morrow.

Two languages — three denominations — boys and girls — equals thirty-six happy people at a bilingual work camp held at Camp Hyanto, Lyndhurst, Ontario.

Because of complete democracy within the camp, a free atmosphere was created. We all worked together in an enjoyable, well-balanced program.

In spite of different backgrounds, we found that sincere friendship could be made. Remarkably, we all tried to speak both French and English.

Our parties 'till 5.00 a.m. were living proof of the real enjoyment experienced by being with new friends.

Our interdenominational service served as a catalyst for many informal discussions. Despite the fact that these discussions were neither planned nor forced, they proved to be understandings of topics ranging from religion to separatism.

By working and living together we noticed different characteristics between French and English-speaking Canadians. For example, the English were flabbergasted by the unexhausted energy of the French who mistakenly thought it would be difficult to get the English participating with them. The French gave the English a terrific opportunity to use their elementary knowledge of "le français".

Meme si nous étions seulement 36 à vivre cette expérience, nous espérons pouvoir reprendre son message de fraternité.

Island Park And Marina

A new and exciting venture is reaching fulfillment just seven miles west of Stirling.

Mr. and Mrs. Carleton Potts and Mr. and Mrs. David Potts are developing a summer recreation park on Wilson's Island, on the Trent Canal system above Lock No. 7 at Glen Ross. Wilson's Island is reached by a bridge and contains over 1500 acres. The Park itself encompasses 9' acres and will accommodate trailers, tents and picnicers.

A marina to serve the boating public sells Imperial Esso products at docksides and Mr. David Potts, who is trained in small motors mechanics course at Peterborough and a graduate of Advanced Mechanics course at Kemptonville is well equipped to handle motor repairs. Mr. Ben Lacey, of O.M.C. of Peterborough has recently welcomed David as a licensed Evinrude dealer.

While still under development during this present summer, Island Park should certainly be an asset to the tourist industry in the Stirling district.

Newlyweds Honoured

On Friday evening, July 4th, a shower party was held at the home of Mr. and Mrs. Percy Craighead, in honour of the newlyweds, John Craighead and Dorothy Benedict.

The guests included neighbours, relatives, members of River Valley Women's Institute and members of St. Andrew's Presbyterian Church.

Rev. D. C. MacPherson presided over a short programme. Humorous selections were read by Mrs. Jack Bush, Mrs. Ernest Carr and Mrs. Percy MacMullen.

Brief messages were given by Messrs. Percy Craighead, Miles Benedict, Ross Holland and Harold Wells.

The newlyweds were given seats of honour and Mrs. Glenn Bennett read an address on behalf of the chavari gang and they were presented with a tea wagon, complete with both coffee and tea equipment.

The community address was read by David Gliddon and the gifts were a floor lamp and two matching end tables.

The presentations were made by Harold Bush, John Sheridan and Glenn Bush.

John and Dorothy voiced appreciative thanks and invited the group to visit them at some future time.

The committee in charge served refreshments and all enjoyed a social half hour.

The relatives in attendance included Mr. and Mrs. Claire Craighead and Mr. and Mrs. Miles Benedict, Belleville.

Dr. John M. B. Holmes spent last week with his grandfather, Mr. John Holmes, R.R. 3, Stirling. He is now at Sault Ste. Marie, Ont., where he is practising in a medical clinic.

Mr. and Mrs. Nix Flindall, Brighton, were Sunday guests of Misses Rosa and Gena Spry at their cottage, Oak Lake.

Mr. and Mrs. Joseph McCauley and Suzanne, of Wausau, Wisconsin, visited at the home of Mr. and Mrs. J. R. Donohoe and family last week and visited other relatives in the Quinte district.

Mrs. Jack Beare, Tweed, and Mrs. Frances Deid and daughter, Donna Marie, of Brockville, spent a day recently with their sisters, Marguerite and Miss E. Deid at the home of Mr. Thos. McAvoy.

Mr. and Mrs. Sheldon McIntosh spent last week in Clayton, N.Y., guests of Mr. and Mrs. Douglas Patterson and family; Mr. and Mrs. Burton Patterson and family and Mr. and Mrs. Wm. Clarke and daughter.

Rev. F. A. Crook Passed Away In Hospital

A highly respected resident of the Village of Stirling, Rev. Francis Alfred Crook, passed away at Trenton Memorial Hospital on Friday, July 4th, 1969, following a week's illness. He was in his 81st year.

The late Mr. Crook was born in England, son of the late John Crook and Rose Batchelor. He was predeceased by his wife, the late Jessie Butler in 1961.

A memorial service was held at St. John's Anglican Church, Stirling, on Tuesday evening, conducted by The Very Rev. R. Fleming, of Belleville.

At the request of the deceased, his body was donated for medical research at Queen's University, Kingston, Ont.

Pioneer House Opened At O'Hara's Mill

Hundreds of people lined the field at the O'Hara Conservation area on Saturday as the official opening of the pioneer house at O'Hara's Mill took place.

Around 400 cars were parked in the area at one time according to a count by one Boy Scout and others kept arriving, if not to see the opening, to view the whole conservation area and picnic and fish.

Honourable George Kerr, Minister of the Department of Energy and Resources of Ontario was the main speaker.

"Because of the geometric increase in population, several problems are being created."

The first one, according to the Minister, is overcrowding, but the destruction of man's own environment and history is another big problem, he said.

"Conservation authorities are concerned about the destruction of environment and history and it is projects like this that are preserving rather than destroying."

The Minister congratulated those who were involved in the restoration of the O'Hara Conservation area and was thanked by Aid. Robin Jeffrey from Belleville.

Other guests on the platform were A. S. L. Barnes, Director of the Conservation Authorities Branch; Clarke Rollins, MLA for Hastings riding; Dr. R. T. Potter, MLA for Quinte riding; Senator George White; Mayor J. Russell Scott, from Belleville; Hastings Warden Donald Rodgers; Madoc Reeve Allen, Ketcheson, and V. N. Styrmo, Museum Advisor of the Department of Tourism and Information.

Bride-To-Be Honoured

The dining room was tastefully decorated with wedding bells and pink streamers. Upon arrival, Sue was invited to sit in the chair of honour beneath a gaily decorated umbrella which showered confetti throughout the evening.

Co-hostesses Mrs. George Atkinson and Mrs. Daryl Connolly led in a variety of games and contests. Mrs. Daryl Connolly read an address reminiscent of good times in childhood days and expressed the good wishes of all present for a happy married life.

After opening the gifts, Susan thanked her friends and invited all to visit John and her in Toronto. A dainty lunch brought the happy evening to a close.

Friends and neighbours of Susan West gathered last Thursday to wish her well in her forthcoming marriage. The hall of St. Paul's United Church was prettily decorated for the occasion.

Hostesses Mrs. Elwood Bateman and Mrs. Don Williams challenged the creative talents of the ladies in the making of hats from a pie plate and an assortment of ribbons and flowers. Mrs. Don Rodgers assisted in several games which followed. An appropriate address, wishing John and Sue much happiness, was read by Mrs. Elwood Bateman.

Sue was invited to open her gifts and afterwards expressed her thanks for the lovely evening. A delicious lunch was enjoyed by all.

BARBEQUE HINTS "KABOBS"

A kabob is a meat-on-a-stick. Select meat and vegetables that cook in the same time. Meats (i.e. beef steak and lamb) that take longer to cook than tomatoes, mushrooms and green peppers can be placed on separate skewers. Grill the vegetables on separate skewers about the last 10 minutes of the cooking time for the meat. Do not overcrowd. Heat should reach all sides of the chunks of meat. Use long, metal skewers or hardwood sticks. Special Trick: Soak kabobs in sauce or brush with zesty sauce during cooking.

THE BIBLE TODAY

One of the speakers at this year's Conference of the Evangelical Fellowship of India was Mr. Paul Sudhaker from South India. Before coming to Christ he was a Hindu Brahmin and took a very dim view of Christians. He said he divided Christians into three groups: (1) Those who could not think; (2) those who dared not think; and (3) those who would not think. It was not the testimony of any missionary or Christian national which won him, but rather the message of a Bible which he bought from another Hindu Brahmin. He said having that Book in his hands was dynamite and having been a student of history he was captured by the genealogy listed in Matthew 1, as it presented the message of Christ as having taken place within history rather than simply a myth or legend. As he read the next few chapters of Matthew he surrendered to the invitation of the Holy Spirit and three days later was baptized.

Dollars and Good Sense

by WILLIAM J. MARTIN

This column is a regular weekly feature prepared by the family Financial Counselling Service of the Avco Delta Corporation, P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

More about supermarket shopping.

Several columns ago we discussed how to save money shopping at the local supermarket by planning ahead, avoiding the impulse items, checking dates on dairy products, etc.

Now, the Canadian Government has come up with what it calls a "guide through that mathematical maze known as the local supermarket."

And if all consumers could arm themselves with this little gadget, it might make shopping a little easier and reduce that "mathematical maze" to a workable problem. What is it? Nothing more than a little purse-sized plastic card designed to help housewives figure out whether 36 ounces of soap for \$1 is a better value than 32 ounces for 89 cents.

According to an item in a recent issue of the Wall Street Journal, this 50-cent "Consumer's Cost Calculator" consists of two concentric circles, one of which can be rotated. It works like a slide rule. Although these items, according to the Journal, have been obtainable through various sources, the government decided to get into the business itself because "people are more conscious of prices nowadays," an agriculture Department Official said.

One of the sources for these gad-

gets, the Journal said, has been the labor-oriented New Democratic party, which has been giving them away for years.

The Wall Street Journal didn't say where Canadian consumers could purchase these (certainly not at the supermarket), but I would suspect that if you wrote to the Agriculture Department in Ottawa and sent along fifty cents, you would receive one.

Meanwhile, housewives in the U.S. will just have to go along trying to figure in their heads whether 36 ounces of soap for \$1 is a better buy than 32 ounces for 89 cents. That is, unless some enterprising U.S. businessman is currently working on a "below-the-border" counterpart.

As you readers have probably noticed, most of the letters we answer deal with consumer credit. And it's not unusual because credit plays such an important role in your family's financial management. This being the case, there is one point I would like to clarify. A department store, for example, does not and in fact, cannot grant you credit. They can't give you something they do not possess.

The credit is yours. They merely extend the facilities for you to use

your credit. If you would look up the good name. You either have it... or you don't. Credit means that you assure others you will perform whatever you promise, so far as it is within your capacity. Your credit... the amount you have and the amount you can use... depends on three principal measures. Your character (the most important thing you possess); your capacity to pay (steady continuing employment or income) and capital (the things you own).

Have you ever heard some boastful friend claim: "I never buy anything on credit! I always pay cash for it!" He's either a fool or a liar... or both. In the first place, if he's got a telephone in his home, you can bet he doesn't stick a dime into the receiver everytime he makes a call. Or how about each time he flicks on a light. Does he take out a penny and feed it into a meter to the light switch? No! The telephone and power companies permit him to use these services without that inconvenience. They offer their credit facilities to him and trust him to pay for these things only once a month.

Though there's no credit charge, per se, it is most assuredly a form of credit.

And what would happen to our friend if he suddenly wanted something for which he did not have sufficient cash to pay. He would either have to borrow the money from a lending institution, which might grant him a loan, or he would have to purchase the item from the buyer under a credit sales contract. It should be pointed out, however, that it would be extremely difficult for him in both cases if he did not have an established credit rating in his community. Cash won't buy a good credit rating.

So much for the lecture, which is not to imply that you should go out and buy everything under the sun on credit. Hardly. It is to suggest that consumer credit plays a very vital role in our everyday well-being, without which we would not enjoy some of the things we take for granted. Like furniture, a home, clothing for our family. Yes, and even the telephone and our lights.

OHSIP

ONTARIO HEALTH SERVICES INSURANCE PLAN

Relax. You're covered.

On October 1st, Ontario introduces the new Ontario Health Services Insurance Plan—OHSIP.

OHSIP is a basic plan of health insurance benefits available to every person in Ontario—regardless of age, physical health or financial means—through the Government or a designated agent.

OHSIP will replace OMSIP—the existing Ontario plan. If you're presently enrolled in OMSIP, your coverage will continue without interruption.

If you're not enrolled in a plan from one of the 200 other insurers in Ontario—such as Physicians' Services

Incorporated, Windsor Medical Services, Associated Medical Services, an insurance company, or other agency, you're also covered until further notice.

If you now have no health insurance, you'll have ample opportunity to enroll before October 1st. You'll be advised of the enrollment period by press, radio and television.

So don't wonder, don't worry, about your health insurance. Just relax and enjoy a healthy summer while you await the new OHSIP Plan, the health care you can count on, from the Ontario Department of Health.

Record Enrolment
At Loyalist College

Loyalist College is planning for a record student enrolment when the 1967-70 fall term opens in September, College Registrar William E. Ellis announced recently.

"The applications are coming in steadily," Mr. Ellis said. "We are also receiving a number of applications from students outside the four-county Quinte area."

The big jump in total enrolment will result from both a larger intake of first year students and the phasing in of the third year in technology programs and business at the College. Loyalist first began classes in September, 1967. This will be the first year the College has operated all years of three-year diploma programs in technology and business.

"Last year, the overall failure rate in the College was a low 15.7 per cent," Mr. Ellis said. "At convocation in June when the College graduated its first two-year diploma program, 60 diplomas or certificates were awarded." Also, 68 students were named to the Dean's list for achieving a high academic standing in their first or second year programs.

Ontario College
To Get Samples
Of Moon Rocks

TORONTO — A laboratory at Erindale College, 20 miles west of Toronto, is preparing to receive samples of moon rocks after the United States' Apollo 11 moon landing scheduled for July 16. The laboratory, selected because of its relative freedom from magnetic interference, will analyze and measure the magnetic quality of the space samples in a non-

magnetic "lunar labule" built at the University of Toronto. A team of scientists under Prof. David Strangway of Toronto will receive the rock samples.

Bonarlaw

(Mrs. Arthur Burkitt)
Mr. and Mrs. Tom Heath, Picton, spent Saturday with Mr. and Mrs. Ed. Heath.

Mrs. Ed. Anderson returned to her home, having spent some time with Mr. Wm. McComb and family.

Several attended the Drive-In Church Service at the Recreation Centre on Sunday evening.

Mrs. Bob Donohoe, Belleville, and Mrs. Dave Roberts, of Campbellford, spent the week end with Mr. and Mrs. Gerald Burkitt, while their husbands were among the fishing party at Algonquin Park.

Mr. Gordon McLellan, Ottawa, called at the Burkitt home on Sunday evening.

Several attended the household sale of Mr. Ira Bristol, on Wednesday, prior to his moving to the Simcoe district.

Mrs. Claude Reid, of St. Thomas, underwent surgery at Wellesley Hospital, Toronto, and is a patient in room 443.

Mr. and Mrs. Colin Robinson, Hamilton, returned home, having spent a week with Mr. and Mrs. Ross Dickie.

Congratulations to the newlyweds, Mr. John Moore and Miss Sharon Rathwell, who were married on Saturday, July 5th, at Spring Brook United Church.

She won't mend his socks because he won't buy her a new mink coat. If he doesn't give a wrap, she doesn't give a darn.

River Valley W.I.

Mrs. Glenn Bennett was hostess on Thursday, July 3rd, for River Valley Women's Institute.

Twenty-three members, two visitors and two pre-school children were in attendance.

The Secretary distributed the summer issue of "Home and Country".

The President, Mrs. Roy Tucker, opened the meeting with the Institute Ode and the Mary Stewart Collect.

She introduced the new members, extended a welcome to the visitors and thanked everyone for their assistance at the barn sale and at the school farewell party.

The roll call was answered with "A New Idea of Education" and pre-

sented a variety of ideas.

Mrs. Gerald Brooks read the minutes and Mrs. J. L. Donohoe gave the financial picture to date. The barn sale receipts and expenditures were also outlined.

A community picnic will be held Sunday, July 13th, at 12:30 p.m., at the home of Mr. and Mrs. Jack Bush, Trent River on their River Park.

On August 7th, at the School House, three Institutes: Uniondale, Pinegrove and Seymour East, will be entertained.

Forty children are enrolled in the swimming classes at the Kinsmen's Pool, Belleville, under Institute supervision. They will travel to and from by chartered bus.

Mrs. Ernest Carr read a letter from

the Hastings County School Board. A formal contract for the lease of the school on a yearly basis was signed by the President and Secretary.

The Tweedsmuir curator, Mrs. Roy Bush, was given fifteen dollars to provide pictures for the book.

The committee reports were given as follows: Mrs. Glenn Bush, "The New Dairy Princess", various items re the milk industry and a poem "The Farmer Feeds Them All"; Mrs. Roy Irven, a message on health, "You Are What You Eat"; Mrs. Jack Bush, official opening of O'Hara's Mill and a message re "The Lower Trent Conservation Authority".

Mrs. Percy MacMullen displayed a picture of Stella Bell, who has been General Secretary of A.C.W.W. for twenty years and is retiring in July at the age of sixty and will enjoy life in the English country.

She also displayed "The Conference Review Booklet" of the 12th Triennial Conference held in September, 1968. The President, Mrs. Dutt, in her opening address said "This conference of rural women from all over the world is like a bouquet of flowers with an unseen string."

One of the recommendations adopted was that in future Societies are free to translate the word "pennies" into "coins" or into whatever they feel will produce the best results for the fund.

The A.C.W.W. Secretary reported \$4.11 for the Penny Fund in June and this included the cheese auction sale. She read an article from The Countrywomen magazine entitled "Classrooms on Wheels" which is a U.S.A. experiment to make profitable use of the time usually lost on the long bus trip. Many students from isolated rural schools in the United States spend forty hours per month riding a bus to and from classes. The penny jar was passed around.

The programme was based on "Education". Mrs. Philip Conley was pianist for a variety of songs which included "School Days". She also gave the motto: "Take to time — it is the foundation of knowledge".

Mrs. Glenn Bennett gave a very interesting message which was a synopsis of the Hall-Dennis Report, as written in the book "Living and Learning". The various aspects of this new educational project were summarized and a wealth of ideas were explained.

A demonstration of weeds and clovers followed. The Institute Grace was sung and refreshments served by Mrs. Alex Bush, Mrs. Ross Bush and Mrs. Glenn Bush. Mrs. Jack Bush voiced thanks to all who had contributed to the success of the afternoon.

THE GOOD DRIVER

According to a recent study released by the U.S. Senate Antitrust and Monopoly Subcommittee, many people do not get the car repair work that they pay for. The Ontario Safety League says that a re-check of 2,000 cars after repair (in St. Louis) showed only 65 per cent of the work paid for was done satisfactorily. An inspection of 10,000 cars revealed that, among the cars 5 years old, 90 per cent had potentially dangerous defects.

One of the many great benefits of seat belts is that, in a collision, they prevent the wearer being thrown out of the car. Persons ejected are five times more likely to suffer death or injury. However, the Ontario Safety League points out that many people have been partially ejected, even when wearing a lap belt, through a door that has opened. For instance, in a sideswipe, if the door opens the driver may fall half out of the car and then have his upper body crushed if the door is forced back again in a second collision. This is one of the reasons why doors should always

be locked from the inside. Doors can be sprung open in a crash simply by the act of something striking, or hooking around the outside door catch. ALWAYS DRIVE WITH DOORS LOCKED.

Many Canadians will be surprised to learn that this country does not rank next to the U.S. in number of motor vehicles, in relation to population. The Ontario Safety League says that, according to statistics from Metropolitan Life, these were the number of motor vehicles per 1,000 population, 1966 - 67:

United States — 495
France — 369
New Zealand — 369
Denmark — 359
Canada — 356

Of these countries, Canada had the highest average annual traffic death rate, per 100,000 vehicles - 76.0. The U.S. was lowest, with 54.4. But these figures do not take into account differences in mileage driven in different countries.

Research findings quoted by the Ontario Safety League show that almost one-third of driver injury in crashes results from contact with some part of the steering assembly - either rim, horn ring or hub. Combination lap-and-shoulder belts provide substantial protection against injurious contact with the steering assembly.

There is nothing magical in coffee to offset the dangerous effects of alcohol on a driver. Time is the only thing that removes the effects of drink. The main value of "coffee for the road" is that the time taken to drink it can dissipate some of the effects of alcohol. Similarly, with a fatigued but sober driver, a cup of coffee is valuable because he relaxes and freshens up as a result of the rest, and change of pace, while the coffee is being taken.

Dr. Dale G. Friend, of the Massachusetts Medical Society warns that excessive use of coffee (8 to 12 cups a day) tends to make people jittery, jumpy and dizzy and can become a factor in highway accidents. So the Ontario Safety League recommends that drivers do not lean too heavily on coffee to help keep them at the wheel when they shouldn't be there. Coffee is no panacea. Tastes good though.

It's bicycle time. Bike riders will operate cars one day. The Ontario Safety League urges parents to make sure that their children know, and obey traffic rules. It will lay the foundation today for safer driving tomorrow.

Extensive research has been undertaken, and is continuing, to increase the safety of automobiles by designing energy-absorbing front ends. These include hydraulic bumpers, and "honeycomb" compartments that dissipate some of the force of a collision while crumpling.

There are massive problems to overcome before substantially in-

creased "survivability" can be built into a car through new energy absorption designing. In any case, the Ontario Safety League points out, such designs offer little or no protection to car occupants who are not wearing seat belts. In a crash an unbelted occupant slams into the windshield or other part of the car's interior before the deforming structure in front has absorbed the tremendous build-up of destructive force. A fastened seat belt is part of the whole car safety system, but it is the key factor, the prime ingredient.

The Ontario Safety League repeats this from Charles Dickens: "Life is given to us on the strict understanding that we guard it to the end."

MR. AND MRS. DAVID PHILLIP HARRY HARRY -- FLEMING WEDDING

St. Edmund's Church, in Stoco, was the scene of a wedding on June 28th, 1969, when Helen Catherine Fleming, daughter of Mr. and Mrs. Justin Fleming, of Stoco, became the bride of David Phillip Harry, son of Mr. and Mrs. Vernon Harry, of Stirling. Rev. John Groenewegen performed the marriage ceremony and Mrs. Marie Keller, of Frankford, accompanied the soloist, Neal Roote, also of Frankford.

Given in marriage by her father, the bride wore a floor-length A-line gown of bonded crepe with princess styling and tapered lace sleeves. A matching lace train extended from the bodice trim. A crown headdress of crystals and pearls held a four-tier veil and she carried a bouquet of yellow sweetheart roses.

Miss Sheila LaJole, of Peterborough, was maid of honour and wore a floor-length princess styled gown of mint green crimplene, featuring a round neckline and elbow length sleeves. Her headdress was a matching bow. Also attending the bride were Miss Justina Fleming, her sister, and Mrs. Joyce McCrory, sister of the bridegroom. All were dressed identically to the maid of honour and

each carried a bouquet of yellow centred white daisies. Miss Vicki Healey, of Stoco, was flower girl wearing a full length gown of mine green crimplene styled similarly to the bridesmaids. She wore a matching bow in her hair and carried a bouquet of yellow sweetheart roses encircled with daisies.

Leonard White was groomsmen and ushers were Alvin Harry, brother of the bridegroom, Douglas McCrory, a brother-in-law of the bridegroom, and Michael Donahue, cousin of the bride.

The reception was held at the Royal Canadian Legion Hall, in Belleville, where the bride's mother received the guests wearing a two-piece dress of lilac silk brocade with black accessories and a corsage of white carnations. The bridegroom's mother assisted and wore a pink crimplene dress with white accessories and a corsage of white and blue tinted carnations.

For the wedding trip to Niagara Falls and points west, the bride chose a mauve crimplene dress with white accessories and a corsage of orchids.

Upon their return the couple will reside at Stirling R.R. 4.

Telephone service has been conspicuous by its absence, in our community again. Last week the 11th line and Town Line were without service for two days and over the weekend, the 9th line had no phone service from Friday afternoon till Monday afternoon. This is Progress—?

Mrs. Annie Saver of Buffalo is vacationing with relatives around the vicinity. On Sunday Mrs. Saver and her niece, Miss Blanche Gibson, of Campbellford, were guests of Mr. and Mrs. Walt Reid. Several cousins called on Mrs. Saver there, during the afternoon.

stitches to close the wound.

Mr. and Mrs. Wally Jackson and family of Oshawa, spent the long holiday weekend with her parents, Mr. and Mrs. Fred Petherick. The Pethericks and their guests had supper with Mr. and Mrs. Roly Jackson and family at Wellman's Corners, on Sunday.

Stirling W.I.

The July meeting of Stirling Women's Institute was held on Wednesday July 2nd, at the home of Mrs. Raymond Chambers with nine members and twelve visitors present.

The President, Mrs. Clifford Clancy, opened the meeting in the usual way and heartily welcomed all the guests.

The Secretary, Mrs. Frank Smith, called the roll which was answered by each member naming one cause of water pollution.

The Secretary read a circular letter from the Home Economist, Miss Mary MacEachern, again suggesting that the members might like to sponsor a 4-H Homemaking Club in Stirling. After discussing the matter, a motion was made by Mrs. Chas. Hicks and seconded by Mrs. R. Chambers in favour of taking on this responsibility.

A motion was also made that anyone forgetting to wear her Institute pin to the meeting would be fined five cents.

Thirty-eight boxes of clothing, etc., have been sent since the last meeting to the Scott Mission in Toronto. The quilt lady, Mrs. Morley Aythart, has also sold the last two quilts.

Mrs. Alex Tanner, who has recently moved to Stirling from Marsh Hill, joined the W.I. here.

Collection was gathered by the little visiting folks, Miss Anna Marie Jones and Miss Maribeth Burkitt.

The teenage guest speakers gave very well prepared talks. Miss Lana LaChapelle gave her address on "Listening". Miss Janice Clancy's talk on "Water Pollution" fitted right in with the roll call for the day. Both these talks were well worth hearing. Mrs. Smith thanked the girls and presented each with a small gift.

Mrs. Chas. Hicks put on two really brain-teasing contests.

Mrs. Smith spoke of a number of ailments that are affected by the weather and that we not only have human heart transplants, but an artificial heart is already being tried out on dogs in her health topic.

Mrs. Gerald Clancy was kind to act as pianist for the meeting and she also conducted a contest.

The President closed the meeting with the Queen and Mrs. Chambers and her assistants served a delicious lunch of strawberries, ice cream and cake.

Mrs. Blanche Reid thanked all who had helped in any way to make this a meeting to remember.

The Nice Tourist

You know me. I'm a nice tourist. I never complain, no matter what kind of service I get.

I'll go in a restaurant, sit and sit, while the waitress gossips with her boy friend and never bothers to see if my hamburger is ready. Sometimes someone who came in after I did, gets my hamburger, but I don't say a word.

If the soup is cold or the cream for the coffee is sour, I'm nice about it.

If the service station attendant fails to check my oil or polish the windshield, I don't even raise my eyebrows.

When I go into a store and get surly treatment and lack of sympathy with my browsing around, I don't make a fuss.

When I register at a motel, I'm thoughtful of the other person. If I get a snooty manager who gets nettled because I want to look at my room before making up my mind, I'm polite as can be. I don't believe rudeness in return is the answer. You might say I wasn't raised that way.

And it's seldom I complain about the poor room service, the broken-down elevator, the leaking bathtub faucet or the television set that won't work and refuses to refund my quarter. I've found people are just about always disagreeable to me when I do. Life is too short for indulging in these unpleasant little scrimmages.

I never kick. I never nag. I never criticize. I wouldn't dream of making a scene as I've seen people doing in public places. I think that's awful.

I'm a nice tourist! I'll tell you what else I am. I'm the tourist who never comes back!

That's my little revenge for getting pushed around. That's why I take whatever they hand out . . . I know I'm not coming back. It's true that this doesn't relieve my feelings right off, as telling them what I think

KUT-RITE CLOTHING STORE

in Foxboro

Page Seven

HOURS — 10 A.M. TO 9 P.M.

MONDAY TO SATURDAY

would. But in the long run, it's a far more deadly revenge.

In fact, a nice tourist like myself, multiplied by others of my kind, can just about ruin a business. And there's a lot of nice people in the world just like me. When we get pushed far enough we go down the street to another restaurant. We eat hamburgers in places where they're smart enough to hire help who appreciate nice tourists. Together, we do them out of millions every year.

He laughs best, they say, who laughs last, I laugh when I see them so frantically spending their money on advertising to get me back, when they could have held me in the first place with a few kind words and a smile.

Discipline In Early Years

Much of the trouble in schools and colleges may be traceable to the fondness of parents, states the Let-

ter-Review. Many parents are unable not to spoil the child. By the time the child gets old enough to go to school, to college, to university, to vote, he is too old to punish. Being too old to punish means that he can get away with almost anything on the campuses or elsewhere. Sometimes he gets away with murder. These comments are not in any way contradictory to the statement of Royal Canadian Mounted Police officials and others that much of the disorder

is the work of malignant interests out to destroy government and injure the nation. Although the imported male-factors are not necessarily the instigators of the trouble, they are certainly willing at all times to help it along. If parents exercise some discipline in the early years, if they refrain from criticizing teachers and others who are trying to run a good school, it is possible that many school troubles that start out perhaps as larks may never get beyond the lark stage.

C.N.I.B. News

"I'm really hooked on this," says Mrs. G. E. Britnell, a volunteer Brailist with CNIB. "I keep thinking I'll just do one more page — I'll just finish the chapter! First thing I know the children are home for lunch and I'm still in the den pounding away on my Brailier!"

Patricia Britnell learned Braille in response to a radio plea for volunteer Brailists. For 6 months she attended 2-hour weekly sessions at CNIB. Her teacher, Mrs. Basil Bradley, is also a volunteer. "She's an excellent teacher, she's so enthusiastic, it rubs off on the students."

"It's a stiff course. Twenty-five started off with me, but only 12 of us completed it. You have to spend at least 1½ to 2 hours each day on Braille. Apparently some people felt it was too time consuming."

A Brailist completes the course satisfactorily when she can transcribe material with no more than one error for each 100 words. Mrs. Brit-

of Transport approved jackets should be purchased for use in boats.

Children are the most difficult of all individuals to properly fit with a lifejacket that will support them properly and safely in the water. The Ontario Safety League warns that it is important to fit children with lifejackets according to their weight. Oversize and undersize jackets are equally dangerous. Children's lifejackets come in sizes to accommodate children weighing up to 45 lbs., and from 45 to 90 lbs. Over 90 lbs., an adult jacket should be used. The only sure way of fitting a child is to try out the jacket in the water and make sure it automatically rolls the child over on its back and holds the face out of the water.

The Ontario Safety League warns vacationers to check their life jackets at the beginning of the season to make sure they are still buoyant and the material is still strong enough not to rear under the stress of holding the wearer's weight in the water. If there is any doubt about the conditions of a lifejacket, it is money well spent to discard it and buy a new one. A good lifejacket is inexpensive insurance.

Stirling Public Library Invites You To Look Over Their Many Books

Now that summer holiday time is here, many of our readers are looking for new interests. We have books, old and new, to satisfy many different tastes so if you wish to learn about another hobby, or find out more about an old favourite, browse among our shelves.

There are books to please collectors — stamps, coins, antiques, etc., and the inter-library loan can extend our services a long way; books on gardening, sewing, cooking, for example, "Freeze With Ease", by Marian Fox Burros and Louise Levine.

Many sports are especially interesting during the summer, and there are books to inform enthusiasts. Here are a few of our many titles — "Fishing Made Easy", by Arthur L. Cone, Jr. is a big guide packed with the kind of "know-how" that will bring you success in every angling situation; "The New Science of Skin and Scuba Diving", from the Conference for National Co-operation in Aquatics; "Motorcycling", by Charles Coombs, and "Stock Car Racing", by Robert B. Jackson.

For a complete change of pace, "Something To Sing About", folk singers own favourite songs, collected and arranged by Milton Okun; "The

A WILD BUS LOAD

Last Thursday, The Senior Citizens were treated to a lovely lunch by Nellie Montgomery and Pert Elliott and Dunc. Montgomery got in on the deal by supplying a big helping of old cheese. Pres. Fred asked us to thank them in our usual way, and we raised the ceiling.

One week, Helen Reed asked Dis Ole Scribe why he limped in one limb? I replied that the Doctor told me it might come from old age, and Helen said: "He's nuts, because you're not lame in the other limb and I presume it's the same age." Good thought, Helen, but somehow I think Pete's right.

Well, while this paper is being distributed, a wild bus load will be off to a District Picnic at Cobourg Park for Senior Citizens. I hope the President will behave on the bus. Last year, he was widow-minded. Not George. It's Fred we are worried about. Never mind, Fred, you have Dis Ole Scribe's permission to do as you like. That goes for the rest — Let your hair down.

Stirling Girl Accidentally Shot

A 14-year-old Stirling girl is recovering from a freak gunshot accident, on Wednesday, July 9th, with a fortunate ending.

Sandra LaChapelle, daughter of Mr. and Mrs. Roy LaChapelle, is recovering in Belleville General Hospital from severe injuries to the mouth where she was hit by a .22-calibre bullet.

Police say the bullet luckily fragmented when it struck the girl's teeth.

Sandra was babysitting at the neighbouring home of Mr. and Mrs. William Blakeley when the accident occurred.

Police say she was making a bed and pushed it against the wall, jarring a single-shot rifle off a nearby rack.

The gun struck some object as it dropped, discharging five feet from the girl.

Pink Suits For Men Suggested

The return to the elegant line has started already and the mod look will soon be gone, Michael John Fish, male fashion designer for London said.

"I just hope men try a few frills first."

Mr. Fish, here to line up a new outfit for his clothes, thinks square designs are fine on some men.

"If you're doing good things, you know it and you don't need clothes. When I see a man in a dark grey suit I think 'There's a happy man.' I'm not happy."

For those with less than complete self-confidence, Mr. Fish turns out pink suits and shiny striped jackets.

CHICKEN ON THE GRILL
Wash chicken, drain and pat dry. Remove wings from quartered and halved chicken. (The wings do not require as long cooking as breast meat, and removal shortens cooking time of breast portion.) Season with salt, pepper and poultry seasoning, if desired. Brush with melted butter or margarine. Place chicken pieces on grill 6 to 8 inches above hot, glowing coals. The wings may be added 15 minutes after meatier pieces. Cook, turning every 3-5 minutes, until meaty pieces are fork-tender, 30 to 35 minutes. Length of cooking time will depend upon size of chicken, heat of fire and weather conditions. Chicken may be basted with favorite barbecue sauce the last 5 to 10 minutes of cooking period, if desired.

What to do while you wait for OHSIP

ONTARIO HEALTH SERVICES INSURANCE PLAN

Relax. You're covered.

On October 1st, Ontario introduces the new Ontario Health Services Insurance Plan—OHSIP.

OHSIP is a basic plan of health insurance benefits available to every person in Ontario—regardless of age, physical health or financial means—through the Government or a designated agent.

OHSIP will replace OMSIP—the existing Ontario plan. If you're presently enrolled in OMSIP, your coverage will continue without interruption. If you're now enrolled in a plan from one of the 200 other insurers in Ontario—such as Physicians' Services Incorporated, Windsor Medical Services, Associated Medical Services, an insurance company, or other agency, you're also covered until further notice.

If you now have no health insurance, you'll have ample opportunity to enroll before October 1st. You'll be advised of the enrollment period by press, radio and television.

So don't wonder, don't worry about your health insurance. Just relax and enjoy a healthy summer while you await the new OHSIP Plan, the health care you can count on, from the Ontario Department of Health.

Spring Brook-Bonarlaw
Women's Institute

The Spring Brook-Bonarlaw W.I. held their July meeting at the home of Mrs. Cassidy, when the members were given a surprise tour. Four cars took the ladies to the Elaine Shoe Plant, at Stirling. Mrs. Glendinning welcomed the ladies to the plant and each group was in charge of a guide and was taken on a tour of the plant, when each machine was explained and they were shown the finished piece. The last to be seen was the shipping room, where crated shoes were ready for shipment and were addressed to many cities from Vancouver to Montreal.

The President thanked the manager

on behalf of the members. All returned to Mrs. Cassidy's home where the meeting was opened by the president, Mrs. Cyril McKeown. The roll call was "From the Hat". As the names were called each member drew a slip from a hat and read it, which proved very humorous.

It was decided to hold a bake sale in late July at Marmora. "Happy Birthday" was sung for two members and cards were sent to shut-in members. It was decided to cater for a wedding anniversary in August.

Mrs. Cassidy and Mrs. Broadworth served a dainty lunch of ice cream and strawberries.

BELL
LINESby Bob Carleton
your telephone
manager

It seemed that summer would never come but now it's here and most of us are probably planning to spend at least part of it away from home. If there's a vacation coming up on your schedule, why not let the telephone take some of the hurry and worry out of both planning and vacationing. Before you leave, your telephone can "run errands" to the newspaper, bakery or dairy to stop deliveries. Newspapers and milk bottles stacked up on the porch invariably invite trouble. During your trip — especially if you're going by car — it's a good idea to call ahead for reservations so you won't be left without accommodations during this peak travel season. Friends and relatives that you plan to visit along the way might also appreciate a call telling them of your time of arrival. The local Yellow Pages in the different communities you visit will help you find a mechanic, a new fishing rod, a good restaurant, a doctor or dentist. The telephone doesn't take a vacation. It's always there to help you.

"It's a hot line to my wife!"

Here's a question for you Glen Campbell fans. Is the Wichita Lineman about a telephone lineman or a power lineman? Wichita telephones are not provided by the county; the area is served by the Southwestern Bell Telephone Company. Telephone linemen do not go "searchin' in the sun for another overload". Writer-composer Jim Webb's secretary says Webb is not a technical man and intended to write about a phone lineman but if power linemen wish to appropriate it, that's "groovy" with him, too. Even Southwestern Bell has to admit that being a lineman for the county fits a lot better in verse than being one for Southwestern Be-e-e-ell.

What Others Say

ANYBODY'S GUESS

(Winnipeg Free Press)

Some of the social scientists are trying to convince us that, like the augurs of old, they can forecast future events.

Instead of presenting us with a fictitious utopia, they produce weighty tomes packed with figures, graphs and tables purporting to prove what will definitely come to pass at a time when most of the forecasters will no longer be here to be proved wrong. Every policy is a choice among a number of guesses and, likely as not, these guesses will be wrong.

We do not know what a quiet Chinese physicist working away in the Gobi desert may produce next year to upset the world's balance of power.

Do You Remember?— TWENTY-FIVE YEARS AGO —
ISSUE JULY 13TH, 1944

Stirling and community were deeply saddened on Tuesday, when it was learned that W. J. Whitty, one of this village's most popular citizens, had passed away at his home, Front St., after a short illness following a heart attack suffered Saturday night.

Word was received on Tuesday by relatives here that Morris Woodbeck, a paratrooper, son of Mrs. Eliza Woodbeck, is missing in action in Normandy.

The funeral of the late Mrs. Minnie M. Potts, widow of Dr. J. Mc C. Potts, was held at St. John's Anglican Church on Monday of this week. Surviving is a son, James Edward Potts, Port Elizabeth South Africa.

Charles Morgan Minto, passed away at his home Saturday night, in his 68th year. Besides his widow, who was Mamie Heath, one son, Harold Morgan, and Mrs. Lindsay Tanner survive.

Mrs. Eliza Wallace, widow of David Wallace, died at the home of her son, Earl Wallace, Second Concession of Rawdon Township, on Sunday.

**Steam Show
At Campbellford**

The age of steam may have passed but the steam engine is still hissing away — in antique shows.

From Friday through Sunday, July 17-20, crowds attending the 5th annual steam reunion at Campbellford fair grounds on Highway 30, will see the old steam-operated threshing machine.

Every farmer over 40 will automatically reach down his shirt collar to get at the barley-ans (spikes) in memory of the good old days.

The show will be rounded out with a saw mill operated by an experienced sawyer and by non-steam exhibits: antique vehicles, gas tractors of all kinds, gas engines and displays of working models. There will be daily parades in front of the bleachers.

"The best of the past . . . preserved in the present . . . for the pleasure of the future" is the motto of the Eastern Ontario Steam and Antique Association, which is sponsoring the annual event, according to a flyer issued by the organization.

Living on a budget is the same as living beyond your means, except you have a record of it.

**MR. AND MRS. EDWARD DOUGLAS FALLAIZE
FALLAIZE -- MURRAY WEDDING**

The marriage of Janet Lorraine, daughter of Dr. and Mrs. R. B. Murray, Stirling, and Edward Douglas Fallaize, son of Mr. and Mrs. J. E. Fallaize, Pickering was solemnized in St. John's Anglican Church, Stirling, June 28, 1969, at 4 o'clock by the Reverend Michael Caswell.

Mr. James Morrow was organist. Given in marriage by her father, the bride wore a gown of white crepe featuring a high neckline, short sleeves, with multiple rows of crocheted lace flowers trimming the front and the chapel length train falling from the empire waistline at the back. Her chapel length veil of silk illusion was attached to a headpiece of tiny flowers and pearls. She carried a bouquet of yellow roses, baby's breath and fern.

The matron of honour, Mrs. Garry Scholten, sister of the bride; bridesmaid, Mrs. Peter Edwards, cousin of the bride, and junior bridesmaid Miss Lynn Murray wore floor length dresses, similar in style to the brides, of white lace over yellow, blue and pink respectively. They all wore headpieces of multicoloured flowers and carried nosegays of multicoloured 'mums and fern.

Mr. Bernard Perrin of Pickering acted as best man for his brother-in-law. Ushers were Mr. John Murray and Mr. Herman Van der Veen.

The bride's mother received her

guests wearing a pale gold 'puff' crepe and a hat of multicoloured flowers and white accessories. She was assisted by the groom's mother who wore a shrimp pink dress of crimplene, white hat and accessories. Both mothers wore corsages of white orchids.

After a dinner at the Parish Hall of the church, an open house was held at the home of the bride's family.

For her going away outfit the bride chose a matching dress and coat of pale green brocade with a hat of green, yellow and orange flowers and white accessories. Her corsage was of tea roses. Mr. and Mrs. Fallaize left for a short trip to points west. They will live near Whitby for the summer and later move to Toronto.

Guests attended from Nova Scotia, Ottawa, Peterborough, Orillia, Toronto, Whitby, Oshawa, Bowmanville, Newcastle, Pickering, and Belleville.

**MR. AND MRS. JOHN EDWARD CRAIGHEAD
CRAIGHEAD -- BENEDICT WEDDING**

The marriage of Dorothy June Benedict, daughter of Mr. and Mrs. Miles Benedict, Belleville R.R. 5, to John Edward Craighead, son of Mr. and Mrs. Percy Craighead, Stirling, was solemnized at the home of the officiating clergyman, Rev. W. H. V. Walker, on Wednesday, June 18th, 1969, at 8 p.m.

For the ceremony, the bride chose a gown of white lace over peau de sole featuring a mandarin collar. She wore a headress of white net and lace and carried a white Bible crested with red roses.

Her only attendant was Mrs. Jack Laundry, a sister, who was wearing a turquoise chiffon over taffeta gown complemented with a corsage of pink carnations.

Don Claire Craighead attended his brother.

A reception was held at the home of the bride where her mother received the guests wearing a beige two-piece dress with mauve orchid corsage. The bridegroom's mother wore a royal blue silk dress with white corsage.

Leaving on the wedding trip to the Eastern provinces, the bride donned a blue suit with navy and white accessories.

Mr. and Mrs. Craighead will reside at Stirling, R.R. 4.

First Job Overrated

The importance of the first job tends to be overrated.

If the choice has been a poor one, other opportunities will follow. The important thing is to try to do well whatever the choice. At this age, it's the attitude and enthusiasm toward the job that counts more than it being the "right" job.

Experience, interest and aptitude make for success. Situations and people change, but work habits — like conscientiousness, dependability and thoroughness — when learned early, will prove invaluable later on.

Watch Out For Rabies Infection

The Interdepartmental Committee on Rabies recommends that all persons in Ontario be reminded of the continuing problem of rabies infection in wild and domestic animals in the Province.

It is of particular importance at this time of the year to bring this matter to the attention of those persons who will be vacationing in the resort areas and visiting the Provincial Parks where the opportunity to contact wild animals is greatly increased.

It is a wise precaution to avoid any contact with wild animals, including any attempt to play with, coax or feed them by hand. In addition it is strongly urged that all dogs and cats be vaccinated against rabies, particularly before taking them to the resort areas.

Should anyone be bitten or scratched by a wild animal, or a domestic animal which is behaving abnormally, a physician should be consulted as soon as possible to determine whether or not there is any possibility of

Remove stones and pieces of wood and metal from lawn before you start to cut. A power mower won't run over these objects — it will hurl them off to one side with enough force to cause serious injury. Keep children at a safe distance from the machine.

When making adjustments to the motor, pull out the electric cord, or take the wire off the spark plug. This is the cheapest insurance against personal harm.

If your mower is gas-powered avoid smoking when refuelling or when the motor is hot, and only fill the tank outdoors.

Stirling Fall Fair Prize Lists Offer Excellent Prizes In Various Classes

The prize lists for Stirling Fall Fair, to be held on August 29th and 30th, will be ready for distribution this week end.

The Directors have endeavoured to make the prize lists attractive and have been well supported by outside firms and local citizens who have offered special prizes in the various classes.

Horse Classes

Prize money has been made attractive in the horse section in a special effort to make this section attractive to exhibitors. A programme of the various events for the horse classes has been added to the prize list for the convenience of exhibitors.

There will also be the customary events for heavy horses and ponies.

There are several special prizes offered which should result in one of the best shows of horses at Stirling Fair in years.

Western Games

Plans are well under way for holding a Western games programme at the Fair again this year. There will be trophies, monies and ribbons for each event. This was a popular feature of the Fair last year and indications already point to a larger number of entries this year.

Cattle

In the cattle classes, prizes are offered for Ayrshire, Jersey, Hereford, Dual Purpose and beef breeds. There are also special prizes listed for all classes.

Black & White Day

The Hastings County Holstein-Friesian Association will be holding their annual Black and White Day Cattle Show at Stirling Fair this year and arrangements are being made to build suitable quarters for the Club. Years ago, this was a very popular event at Stirling Fair and the Directors are very pleased that they have chosen Stirling for their 1969 showing.

The customary classes are provided for sheep, swine and poultry.

A feature this year is the Eaton's of Canada Livestock Special, awarded to the exhibitor winning the highest number of points in the Livestock Classes. An exhibitor winning this trophy at another 1969 Fair will not be eligible at the local Fair.

Ladies' Work

The Ladies' Work Section of the prize list has been revised and includes children's wear, ladies' wear, men's wear and homecraft divisions. There is also a junior section for exhibitors from 9 to 12 years and teenagers. Attractive prizes are offered, as well as several good specials donated by interested parties.

There are also classes for Cheese, Garden and Roots, Grain and Seeds and Domestic Science.

Junior Farmer Section

There is a Junior Farmer Section in which the Achievement Days of the West Hastings Area (Stirling) 4-H Club and Hastings 4-H Corn Club are featured. These Clubs are sponsored and financed by the Canada Department of Agriculture, Ontario Department of Agriculture and Food and the Stirling Agricultural Society.

Horticultural Society

The Stirling Horticultural Society will be holding their fall show at the Fair. The prize list for this section has been completely changed and offers a wide range of flower exhibits.

Dance At Night

Plans are also being completed for holding a gala dance at night at the Fair Grounds.

Be An Exhibitor

The farmers and their wives, as well as local citizens, are urged to get a prize list and be an exhibitor in one of the many classes offered. The Agricultural Society sponsors the Fair entirely in the interests of the farmers of the surrounding district and should be encouraged.

Copies of the prize list may be obtained from R. E. Shortt, Secretary, or at the News-Argus office.

Appointed As Secretary-Treasurer Elaine Footwear

Mr. John Svoboda, President of Elaine Footwear (Stirling) Limited, is pleased to announce that at the last meeting of the Board of Directors, Mr. Ken McCaughen, of Stirling, was appointed Secretary-Treasurer of the Company.

Mr. McCaughen has been with the Company for the past year.

Local Ladies Bowl At Oshawa

Verna Woodbeck, skip, and Rosa Spry represented the Stirling Lawn Bowling Club at the ladies' doubles tournament held in Oshawa on Monday. They were high for two wins with a score of 51 plus 4.

Approximately sixty guests sat down to a buffet supper, after which Bill and Ellen were the recipients of many lovely gifts, including a set of ladder back chairs from their children.

Ellen Harrington became the bride of William Webber, July 15th, 1944, at Bethany Baptist Church, Toronto. The bride was attended by her sisters, Grace and Melba, and the groom was attended by his brothers, Fred and Sidney Webber, and Mr. Bruce McCartney, all of whom attended the anniversary celebration. Mrs. George Lemarquand and Mr. and Mrs. L. Pettigill, sisters and brother-in-law of Mr. Webber attended from Montreal. Other out-of-town guests were from Toronto, Willowdale, Hampton, Newmarket, Belleville and Peterborough.

Opens New Barber Shop

Mr. Glenn McIntosh, of Foxboro, has opened a new barber shop in town in the Foste Block, on Mill St., in the former Stevenson's Ladies' Wear Store.

Mr. McIntosh, who has operated a shop in the Westgate Plaza, Belleville, for the past five years, began business in town this past week end.

The News-Argus joins in welcoming him to the Village and wishes him much success in his new venture.

He's A Nice Guy

The District Picnic for Senior Citizens last Wednesday was a huge success. Thirty-two from our Club travelled by bus to Cobourg Park where we helped to make up the total to about 700.

A programme from the band shell was very amusing and the picnic lunch at tables provided for us was just second to none. (Thanks, girls).

Franklin Bus Line, with Les McKeown as driver, extended every courtesy.

The noisiest and most entertaining man on the bus was Past Pres. George. Lil hasn't learned as yet how to control him. Don't try, Lil, for he is very amusing. He hasn't much hair left but let him let it down.

Last year, Pres. Fred was widowed, but this year he tripled it, for Dis Ole Scribe caught him with three, whom he delivered to their homes safely. He's a nice guy — and the girls know it.

Cow Moose Sighted In Rawdon Township and Oak Lake Areas

At 6.20 a.m. Wednesday, July 16th, as Earl Ketchen, of R.R. 1, Harold, drove west on the 8th line of Rawdon, a female moose surprised him as it loomed along the road in front of his car.

The moose jumped a rail fence and stood grazing quietly in a field owned by Joe Roberts. Mr. Ketchen went home and picked up his wife to show her the unusual sight. As Mr. and Mrs. Ketchen watched the moose, Mr. John Courtney came along and was amazed at the rare creature. Mr. Ketchen then told Ed. Colden, who could hardly believe a moose would come so far south.

Both Mr. Colden and Mr. Ketchen were sure the cow moose had a calf nearby and that it was very unusual to see a creature of the northern woods in this area.

Many local residents came to gaze at the moose and she eventually jumped the fences and sauntered down behind the Turpin barn (the former farm of Mr. and Mrs. Everett Sine).

The moose was dark brown in colour, resembled a horse (but much larger) with a very homely, long, slender head, large ears, and a hump behind the neck and shoulders and long, slender legs.

Sighted At Oak Lake

Around 5.00 a.m., on Saturday morning, the cow moose was spotted on the north side of Oak Lake by Alton Hadley. When he heard a noise near his cottage, he went to investigate. He and his son-in-law, Frank Bailey, followed the moose in a boat while it swam the width of the lake coming out at Irish's Camping Grounds, where Don Irish also spotted it.

An ironic note to the story is that Mr. and Mrs. Hadley had just recently returned from a trip to Northern Ontario, where Mrs. Hadley, hoping to obtain a picture of a moose on her movie camera, had photographed a sign stating "Moose Crossing", but failed to sight a moose. Now she says: "I have my picture of a moose, but had to come home to take it."

Seek New Ways Dispose Of Old Tires

Taking into consideration the growing problem of air pollution tire companies are looking for new ways to dispose of tires without creating towering black smoke, reports Bus & Truck Transport magazine. It is estimated that more than 100 million tires are scrapped every year.

New disposal methods being tried include off-shore artificial reefs for fish and river bank erosion control.

Researchers have also found that tires melted down in ultra-hot furnaces yield several usable by-products, including natural gas.

One scientist has found an even more unique method of disposing of tires. He discovered that two organisms, a bacterium and a yeastlike fungus like to live off old rubber. They attack it until it is eventually decomposed.

Hubble -- Godfrey Wedding

Sylvia Marie, daughter of Mr. and Mrs. Roy Godfrey, Maple Grove, and Gordon Douglas Hubble, son of Mr. and Mrs. Clifford Hubble, Frankford, Ont., were united in marriage by Rev. Capt. Peck in The Salvation Army Citadel, Bowmanville, Ont., on Saturday afternoon, June 28th, 1969.

The bride, given in marriage by her father, looked radiant in a full-length sleeveless gown of white peau de soie with a scoop neckline. The full, gathered skirt was accented at the back with a self-tailored bow and long flowing ribbons. Her long-sleeved jacket of white Chantilly lace was fastened with small pearl buttons. Her headress was a crown of seed pearls, rhinestones and crystal tear drops. The four-tiered elbow-length veil of white tulle was edged in white Chantilly lace and she carried a white Bible, adorned with red rosebuds and long, flowing white ribbons.

The bride was attended by her sister, Mrs. Carl Langton, Mississauga, as matron of honour. Her bridesmaids were Mrs. Tony Aude, Frankford, sister of the groom, Mrs. Donald Wood, Whitby, another sister of the bride, Miss Barbie Wood, also of Whitby, was junior bridesmaid while little Miss Dorian Wood made a charming flowergirl for her aunt. All attendants wore identical gowns of floor-length pastel sea blue crepe, cut along A lines and accented by self headpieces and shoulder-length white gloves. All carried nosegays of pink carnations and lily of the valley.

Mr. Albert Hubble, brother of the groom, acted as best man, while Tony Aude and Bill Godfrey ushered. Master Bradley Godfrey was the ring-bearer.

During the ceremony, Mrs. Carl Langton favoured the guests with two solos, "I'll Walk Beside You" and "The Twenty-Third Psalm", accompanied by Mrs. Cecil Albin, who also played the wedding music.

A reception was held in The Masonic Temple, Oshawa, where the bride's mother received in a multi-coloured silk dress with white accessories. The bridegroom's mother chose blue lace and white accessories. Each wore a corsage of pink carnations.

Later the bride donned a travelling suit of turquoise blue linen and lace with white accessories and the happy couple left 'mid showers of confetti and best wishes for Southwestern Ontario and Upper New York State. On their return, Mr. and Mrs. Hubble will reside in Frankford, Ontario.

MR. AND MRS. JOHN LORNE PARKIN PARKIN -- WEST WEDDING

The marriage of Susan Jane, daughter of Mr. and Mrs. Clare West, Stirling, to Mr. John Lorne Parkin, son of Mr. and Mrs. Lorne Parkin, Toronto was solemnized by Rev. J. Wm. Lamb in St. Paul's United Church, Stirling, on Saturday, July 12, 1969 at high noon.

Mrs. Harry Brown was organist and accompanied the vocal soloist, Miss Mary Dracup and the trumpet soloist, Richard West.

Given in marriage by her father, the bride wore a full length A-line gown of white nylon dotted swiss over taffeta featuring short sleeves and mandarin collar. The neckline was accented with lace appliques of roses. Similar appliques enhanced the skirt which was trimmed with scalloped lace. A sweep train fell from the waist line. Her four tier shoulder-length veil flowed from a white floral headpiece. She carried a white Bible adorned with pink roses.

The maid of honour Miss Susan Abrams, Lindsay and the bridesmaids, Miss Barbara Vardy, Stirling, Mrs. Bonnie Atkinson, Peterborough, and Mrs. Nancy Connolly, Kingston were all identically dressed in floor length gowns of mint julep green

georgetti chiffon with a soft lacy orchid design over taffeta. These beautiful gowns had been made by the bride. They carried nosegays of Shasta daisies and pink rosebuds.

Mr. Bill West, Belleville was groomsman and the ushers were Les Lundrigan, Bob West, brother of the bride, and Vern Presley.

The reception was held in the Church Parlours.

Mrs. West received her guests in a parfalt pink coat dress of imported Swiss lino-lace with matching accessories and white gardenia corsage.

She was assisted by the groom's mother in a beige crimplene coat dress ensemble with matching accessories and Talsman rose corsage.

For a wedding trip to the western parts of Ontario the bride wore a long-sleeved dress of pink lace over taffeta with pink and white accessories and white gardenia corsage.

Out-of-town guests were present from Toronto, Barrie, Bradford, Florida, Kitchener, Peterborough, Tweed, Nanawee, Petawawa, Belleville, Quebec, Ottawa, Kingston and Lindsay.

On their return, the young couple will take up residence at 9 Anglesey Blvd., Apt. 306, Toronto, Ontario.

Moore -- Rathwell Wedding

Wedding vows were exchanged recently in Spring Brook United Church between Sharon Elizabeth Rathwell and John Leslie Moore. She is the daughter of Mr. and Mrs. W. A. Rathwell, of Bonarlaw, and he is the son of Mrs. Minnie Moore and the late George Moore, of Bonarlaw. Rev. W. C. Cox officiated at the ceremony.

The bride chose a floor length A-line gown of French lace styled with Empire bodice, three-quarter length sleeves banded with scalloped lace matching the lower skirt. Her bouffant tiered veil of silk illusion was caught to a crown of silk roses trimmed with seed pearls. She carried red roses.

The maid of honour, Miss Peggy Parkin, of Marmora, wore a floor length sheath gown of orchid rayon tungenst, a narrow shirring of French lace trimming the Empire waistline. A matching mohair crown held a short veil with appliqued white lace. She carried a cascade of white shasta mums.

The best man was Garry McComb, of Bonarlaw, and ushers were Jack Rathwell and Wayne Moore, brothers of the bride and groom.

A reception was held in the church hall following the ceremony.

Mr. and Mrs. Moore will reside at Oshawa after their wedding trip to Western Ontario.

More accidents are caused by pickled drivers than by traffic jams.

Wellman's W.I.

Mrs. Gerald Clancy was convenor for the Health meeting of Wellman's Women's Institute, held at her home on July 16th, in the evening.

Two films on cancer were shown by Mr. Eugene Burrell, Stirling, who is the representative for the Cancer Society for this district. Mrs. Jones, who holds the degree of Bachelor of Nursing Science and is the Health Nurse for the Stirling schools, was present and spoke briefly on cancer — its early symptoms and the different methods of treatment used today.

Mrs. Gerald Russell presented a cheque to Mr. Burrell to go to the Cancer Society in its research work. The roll call was answered by naming a leisure activity you enjoy. The current events were given by Virginia Pollock. Mrs. Carl Clancy gave the motto, "Patience is the best remedy for every trouble." Mrs. Clancy took each letter in patience and used words where patience is needed to cope with the trouble. She used many quotations from the Bible on patience and the results of patience.

There were two birthdays in July. Mrs. Douglas Clancy and Miss Janice Clancy and as they paid to the birthday box, "Happy Birthday" was sung for them. Julie Russett collected the regular offering. Mrs. Gerald Clancy and Janice played a piano duet.

The President, Mrs. Jim Pollock, presided for the opening, the business and the closing and extended thanks to those who helped with the programme and to Mrs. Clancy for opening her home.

A SHORT HISTORY OF PETERBOROUGH LUMBER

Into the colonial settlement of Peterborough in 1840 from Northern Ireland came immigrant Samuel Dickson. He was quick to see the profits being made by the three pioneers in the ship spar and squared timber trade, for the region was then the untrammelled Land o' Pine.

Dickson was the fourth of the region's timber barons to establish himself, and the most tenacious. He outlasted 18 competitors and founded the dynasty that was to become Peterborough Lumber Company.

Dickson built two steam and waterpowered mills in Peterborough. They were supplied from a score of his logging camps, their squared timber cribs and sawlog booms driven down the Otonabee River to his mills.

By 1870 a federal survey of the Trent Watershed revealed 19 large and several small lumber mills in the region. They manufactured annually 120 million board feet of sawn lumber and squared timber. And it was the year the industry reached this peak of production that Samuel Dickson tragically drowned in one of the races of his two established mills.

Thirty years after his death the lumber output of the region had dwindled to a mere 10 million board feet, 8½ million of which came from the Dickson Limits on Catchacoma and Mississauga Lakes.

Selling off some limits but retaining 100 square miles of forest (which it still owns in Northern Peterborough County) the Dicksons in 1906 formed Peterborough Lumber Company.

Try A Molded
Vegetable Salad

Any time is salad time but during the month of July most Canadians will be eating locally grown salad vegetables. July 24th to August 2nd has been officially declared National Salad Week by Agricultural Minister, Mr. Bud Olson.

Canadians are eating many more salads than they did twenty years ago. This is undoubtedly due to the greater variety of fruits and vegetables available and more speedy efficient handling of them. In order that these foods do not retain the heat of the sunny fields, they are cooled after harvesting and kept refrigerated. Great effort is taken by producers, processors, wholesalers and retailers to bring this perishable produce to the consumer while it is in top condition.

A great variety of salad vegetables goes into salads. This includes various types of lettuce, endive and escarole, green onions and peppers, and of course the ever popular tomatoes, celery, radishes and cucumbers. To assist you in getting salad diversity into summer meals the home economists of the Canada Department of Agriculture have prepared a new leaflet "Outdoor Salads". This timely publication contains information on the care of salad ingredients, how to take them with you to your favorite outdoor eating location and recipes for different types of salads. You may obtain your free copy of "Outdoor Salads" by writing to Information Division, Canada Department of Agriculture, Ottawa.

Try A Molded Vegetable Salad

Salads made from gelatin are a boon to busy homemakers and one cannot have too many such recipe ideas on hand. With this in mind the home economists of the Canada Department of Agriculture would like to share their "Fluffy Vegetable Mold" with you. It is a basic type of recipe because you may use a flavored jelly powder or plain gelatin. You may vary your choice of vegetables using most any combination of fresh or well-drained canned ones. The home economists used cabbage, carrot and celery. The jelly may be set in a mold of any shape. If it is made in a ring mold, the centre could be filled with a meat or fish salad mixture when it is unmolded. The interesting creamy appearance and texture is created by folding in a 'whip' made from cold water, lemon juice and skim milk powder.

Fluffy Vegetable Mold

Soak 1 envelope gelatin (1 tablespoon) in ¼ cup cold water for 5 minutes. Add 1 cup boiling water and stir until gelatin is dissolved. Stir in 2 tablespoons sugar; ¾ teaspoons salt and 2 tablespoons vinegar.

If the base is to be made from jelly powder, use 1 3 ounce package, lime or lemon flavor and dissolve it in 1 ¼ cups boiling water together with 2 teaspoon salt and 3 tablespoons vinegar. Chill either of these until mixture just begins to thicken.

To make whip:

Combine ¼ cup cold water, 1 ½ teaspoons lemon juice, 1/3 cup skim milk powder and dash salt. Beat with rotary beater until mixture stands in firm peaks, about 5 minutes. Beat in remaining 2 tablespoons sugar.

Complete recipe by whipping jelly mixture until foamy then fold it into the prepared whip. Fold in the vegetables, e.g. 1 cup finely shredded cabbage, 1/3 cup each of finely shredded carrot and finely diced celery and 2 tablespoons chopped green onions. Pour into 6 cup mold and chill until firm, about 3 hours. 6 servings.

Ethics Code

The publicity over organ transplants may bring about a change in the code of ethics of the medical profession. The Ontario Medical Association has approved a recommendation of its public relations committee that the O.M.A. and the College of Physicians and Surgeons review their attitude toward publicity on the outstanding advances being made in medicine.

(The code of ethics governing Ontario doctors is the code of the Canadian Medical Association, approved by the College and the O.M.A.) The O.M.A. ethics committee reported it had endorsed the guidelines established by the judicial council of the American Medical Association, but no action was taken by the O.M.A. The AMA guidelines provide that when dramatic aspects of medical advances present adherence to accepted procedures, objective, factual and discreet public reports may be made by a properly organized physician.

THE BIBLE TODAY

In all my 45 years of Christian experience a Czech Christian told Euro-vangelism's Director Dave Foster in Prague recently, "I have never before seen such a situation where everyone I speak to wants a Bible." While Mr. Foster was in a Prague bookstore a student came in and asked for a Bible. Receiving a negative reply, he was about to leave when Mr. Foster's Czech companion stopped him and asked, "Are you a believer?" No," answered the young man, "but I do want to know what the Bible teaches."

The urgency of making the Word of God readily available to those who request it is underlined by a story which appeared in the Prague University newspaper. Among those

who duplicated Jan Palach's death by self-immolation was a 17-year-old technical high school student. Two weeks before his death, he sought out a theological student from whom he requested a Bible. None was immediately available, but the theological student searched and finally found one which he sent to the high schooler. It was delivered 24 hours after his death.

The above assessment was confirmed by the Rev. B. J. Sedlisky, newly appointed Secretary of the Czechoslovak Bible Work, who at the time of his visit to London, stated that the interest among young people in what the Bible says is indeed very great. The Czechoslovak Bible Work Committee has plans to help meet this outstanding need.

What Others Say

IS THIS REALLY NECESSARY?

(Picton Gazette)

Another road is being raped in the name of "Progress" and as a sacrifice to "speed". Highway 33 from Picton to Bloomfield is long overdue for re-surfacing but the office buildings full of Department of Highways engineers have to be kept busy and so we see our money spent on cutting corners and lowering hills.

The silly part of this whole business is that after the highways are built to 80 m.p.h. standards our money will be spent in paying police officers to patrol it and keep the drivers from driving at that speed.

Look over the list of "accidents" in the county for the last three years. How many were on the rebuilt wide open roads? How many were one-car accidents? How many involved excessive speed?

If we really want to reduce the speed of the drivers on our roads why don't we build the roads to suit? Great wide shoulders reduce the feeling of speed and drivers tend to speed up on them.

On the other hand, roads can be designed that are safe and also incorporate psychological factors, such as roadside planting of trees or bushes, curves and hills that introduce to the driver the feeling of speed. These can be designed to suit whatever speed one is required. On 401, wide open roadsides and 80 m.p.h. speed. On the secondary highways plantings that beautify the roadsides and at the same time let the driver know he is going 60 m.p.h. As the road approaches towns and villages, more plantings to slow the driver down to 40 m.p.h.

Why bother the "straight line charlies" with such things as this? Because it is our money that is being wasted to blast through rock hills and tear down farms.

The total spent in roads by the municipalities in Prince Edward County (including the County of Prince Edward) in 1968 was \$2,272,572. Add to this the approximately \$2,000,000 spent by the province on development roads and their high-

Two members of the Ontario Provincial Police from District No. 9, Belleville, were among 16 men recently selected for the Security Detail at the Ontario Pavilion at EXPO '70, near OSAKA, Japan, being held from March 15th to September 13th, 1970. Provincial Constable Gerald Zwart of the Belleville Detachment and Provincial Constable H. Wayne Pickett of the Napanee Detachment, were the two successful candidates. Both officers are single, which was one of the prerequisites for constables to qualify. Later this fall, the personnel selected will attend a 12 week course in conversational Japanese in Toronto, and will depart for Japan in mid-February, 1970.

Constable Zwart is 22 years of age and joined the Ontario Provincial Police as a Cadet in June, 1967, after having graduated from Belleville Collegiate & Vocational Institute. He was later promoted to the rank of Constable on attaining his 21st birthday. He is the son of Mr. and Mrs. Dirk Zwart of R.R. 3, Carrying Place. Constable Zwart is feeling very proud of being given the opportunity to be part of the Ontario representation at this World's Fair.

Constable Pickett is also 22 years of age and joined the Ontario Provincial Police in June of 1968. He is a graduate of Oakville-Trafalgar High School and also attended Utah State University on a football scholarship. He is the son of Mr. and Mrs. Harold Pickett of Oakville Ontario. Constable Pickett is looking forward to visiting the Land of the Rising Sun.

How Fast Is Too Fast?

The highways are full of people who drive too fast.

They may drive at the legal speed limit . . . but speed limits do not necessarily determine fast driving. 20 mph in a zone posted with a 40 mph limit can be too fast if the car, the weather, or the road is not in proper condition. A driver who consistently passes other cars is going too fast regardless of the speed limit.

Are fast drivers safe drivers? Just ask them . . . they're sure they are. They point out the number of accidents caused by slow driving. They argue that the fast driving allows them to stay ahead of trouble by "outrunning traffic clusters" on the highway. The fast driver will tell you that, according to statistics, half the people killed in traffic accidents are killed at speeds under 40, which of course, proves only the obvious fact that a great deal of driving is done at lower speeds.

Fast drivers tend to overlook a few basic facts. When fast drivers

get hurt, they get hurt seriously. Other people usually get hurt seriously too in the same accident. A recent study found that the rate of injury in 35 mph accidents is less than half the injury rate in accidents at speeds of 65 mph or over.

The facts speak for themselves. Fast driving is not safe driving from any point of view. "Decrease your speed and increase your chances for survival."

Children and Boats

Boating has become a family affair and, tragically, each year a number of families return from outings minus children because of boating mishaps.

Here are five rules for bringing the children back alive.

1. Be sure there is a life jacket for every person in the boat and, before leaving shore, see that each jacket fits its wearer. It's also a good idea to carry a life ring with line attached in case someone falls overboard from another boat.

2. Don't let children play with operating controls. Don't let them attempt operation of the boat either, unless supervised every minute.

3. Be careful where children are allowed to ride. Standing, sitting or lying on the bow deck is dangerous. So is leaning over the side. A quick turn or striking something in the water could throw a small passenger into the water.

4. Do not permit children to go out alone in small boats.

5. After a boat trip, watch the youngsters while they're on the dock. Released from the confines of a small boat they may get frisky and careless.

Rescue from under a dock or around moored boats is often difficult.

If it seems difficult to remember these five rules, then remember just one. When small children are around the water, keep an eye on them. They are worth saving!

Sidney Township Purchase New Fire Pumper

Improved fire protection for all township areas will be the end result from the new volunteer fire department set up in Sidney township.

This is the feeling of township officials who recently accepted delivery of a new fire pumper to augment equipment already in service in the west end of the township.

The new \$23,000 pumper was purchased by the township after decision not to renew its fire-fighting agreement with the city of Belleville. Increased fire-fighting fees asked by the city was the reason for non-renewal of the agreement.

Actually the Sidney township volunteer fire department has been in existence for the past six years when the township purchased its first pumper for service in the west end of the township.

Now the Sidney department has two pumpers, an emergency truck and a tanker truck with a capacity

of 1500 gallons. Both pumper trucks and the emergency truck carry 500 gallons of water.

John Aquino, former chief of the Batawa fire department, heads up the 40-man municipal department made up of 40 volunteers.

All fire calls from the township — Tel. 398-6333 — ring in to the guard office at the Bata Shoe Company which in turn is hooked up with senior department officials. Which truck answers the alarm depends on the location of the blaze.

The new fire truck is stationed at the Lafferty Transport depot just north of 401 highway near the township's eastern limits. The older truck is located at Batawa.

Township Reeve Jack M. Bush says that stationing of the two pumper trucks in the east and west limits of the township will give the municipality the best possible fire protection.

Tests have shown that the fire trucks can be on the scene of a fire midway between Belleville and Trenton within 12 minutes.

Since the new fire truck was purchased a month ago it has had two calls.

One of them was a practice fire in mid-township when an isolated barn was burned to give the volunteer department members fire-fighting experience. The other run for the new truck was a grass blaze.

as a health hazard. Research has pro-
duced overwhelming evidence that
cigarette smoking increases the like-
lihood of lung cancer, emphysema
and heart trouble. Eminent authority
on the subject, Dr. Norman Delarue,
in a recent address to the Canadian
Home and School and Parent Teach-
er Federation, said that of those
people who smoke cigarettes, and
pay into a pension fund only half
will live to retirement age to enjoy
their earned leisure.The Ontario Safety League points
out that, in addition to the direct
threat to health, smoking can trigger
other dangerous situations. Fire is
the main danger, and there are many
deaths from fires started by smok-
ers. Smoking is the leading cause of
home fires in North America.Smoking can add danger in cars,
too. If carbon monoxide leaks into
the car, it injects its poison faster
in a smoke laden atmosphere. And
smoke builds up a layer of deposit in-
side the windshield and windows
that, unnoticed by day, cuts down
visibility at night and adds to glare
from approaching headlights.In most car collisions, the passen-
ger compartment remains in good
shape after the crash except where
it is damaged by flying bodies. The
Ontario Safety League urges every-
one who rides in a car to have their
seat belts buckled up whenever the
car is in motion.One driver in five has vision de-
fects, with or without glasses, that
affect his or her driving ability, says
the Ontario Safety League.Some components of your car will
have an easier time now that the cold
weather is over, says the Ontario
Safety League. But not your tires!
Excessive heat is rubber's worst
enemy, and it is particularly im-
portant in the warm weather to ob-
serve the three precautions that in-
sure maximum tire safety and mile-
age.

- 1 Maintain correct inflations — on
all five tires.
- 2 Inspect them frequently for dam-
age and wear.
- 3 Drive sensibly. Avoid excessive
speed, fast turns, "peeling" starts
and stops, driving on rough and un-
even surfaces.

The human skull fractures under
a force of 5,000 pounds. In a car
crash, driver and passengers have a
better chance of escaping serious
injury if they are wearing hats, says
the Ontario Safety League. Normal
headwear can absorb over half the
violence of direct impact on the skull
— but, of course, wearing a hat is no
kind of protection substitute for care-
ful driving and seat belts.One of the encouragements that
come to safety organizations is the
dedication of some members of the
public, expressed in volunteer sug-
gestions. Any of these are imprac-
tical. Others have interesting possi-
bilities. One such, submitted to the Rail-
way Transportation Committee, with
a copy to Ontario Safety League,
comes from Mr. W. A. Greatrex, Etobicoke.
His idea is that all train en-
gines should be equipped with short
range radio transmitters that would
be activated automatically whenever
the train whistle is blown at the ap-
proach to level crossings. The trans-
mission signal would result in a dis-
tinctive buzzing from any car radio in
use in the area, warning the driver of
the nearness of a level crossing and
an approaching train.High speed cornering is one of the
driving habits that results in exces-
sive tire wear, says the Ontario Safe-
ty League. Dunlop reports a test pro-

Dear Editor:

I wonder if any organization in
your community is looking for an in-
teresting speaker for its fall pro-
gramme? Maybe we at the Canadian
International Development Agency can
help.Because of an intensified interest
in Canada's international development
programmes, CIDA last year organi-
zed a Speakers Bureau of experts who
had returned from lending their knowl-
edge and training to developing
countries all over the world.A new group of experts are on their
way home this year willing to talk
about their activities in countries as
varied as Mauritius, Kenya, Malaysia
or Pakistan. Some are teachers,
others are technical advisers — ac-
countants; foresters; air traffic con-
trollers; and others in a variety of
professions. They will address
church groups and community clubs
in their own areas on this important
subject of international development.
Our problem is therefore, to bring
this service to the attention of club
and church secretaries.We would be pleased to put organ-
izations in touch with speakers.
Write to me, the Director of Informa-
tion, Canadian International Develop-
ment Agency, 75 Albert Street, Ot-
tawa 4, Ontario, for a list of speakers
in each province.Yours sincerely,

Dollars and Good Sense

by WILLIAM J. MARTIN

This column is a regular weekly feature prepared by the family Financial Counselling Service of the Avco Delta Corporation, P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

QUESTION — Dear Sir: We bought a set of reference books from a door-to-door salesman recently and now we're sorry we did. He made them sound so good and necessary in the education of our children that we just couldn't refuse. Now, we've got

second thoughts, mostly because we can't really afford them. I called up the salesman and told him this but he said it was too late that the contract had already been processed. He also said we signed the contract in good faith. Are we really stuck

with them? — Mr. E. J.

ANSWER — You didn't say how old your children are, but if they're very small the books will be outdated by the time they reach the age to use them. On the other hand, if your children are of school age, they should add immeasurably to their education.

The fact that you can't afford them is, of course, unfortunate. Actually, you should have considered this before you signed the contract. This not only applies to these books but to any long-term credit purchase you make. So far as cancelling the order, I'm afraid you're out of luck. The only thing you can do is write the company a letter explaining your financial situation and requesting that the contract be cancelled. Generally, reputable companies will honor such a request provided you wire them within 24 hours or before the order has been processed. This may not help you now, but it may aid other readers.

Incidentally, this was the subject of much testimony heard at hearings on consumer protection held by the Federal Trade Commission in Washington last year. Right now there is legislation proposed which would provide the buyer a 48-hour "cooling off" period in which to notify the company that you wish to cancel. Canada and some states in the U.S.A. already have this law.

QUESTION — Dear Sir: There's a credit bureau in our town and I've often wondered exactly what they do. Do they actually grade you as to your credit standing? And also, can you check with them to see what your credit rating is? — Mr. J. H.

ANSWER — A credit bureau can be defined as a "keeper of your credit records." They do not (repeat do not) grade or rate you according to your credit standing in the community. You do that yourself by virtue of your credit purchases and your character and capacity. All the bureau does is simply collect and maintain a record of your credit transactions — good or bad — and provide its members (local merchants, etc.) with the information requested. If, for example, you were thirty days late on one account, a notation would read: "Thirty days late on Account No. 10."

However, the credit bureau is really much more than a "keeper" of records. It is, in fact, the nerve centre of the credit business in your community. Jointly owned by the merchants in your community, or privately owned, they provide a worthwhile service to the business community.

You should know, too, that many credit bureaus throughout the U.S. and Canada have been instrumental in establishing non-profit, free debt-counselling centres for consumers who have debt problems.

If you have been refused or denied credit at an establishment recently, it usually means that somewhere in your credit records is an entry, supplied by one or more credit "grantors" that you have been continually late in your payments, etc.

If you feel there has been an error in your records or for some rea-

son you think the entries are unjust, you are certainly urged to contact your bureau for a review of your records.

On the positive side, you should consider that the credit bureau is also working for you. Remember, your records of good payments and obligations are also on file there — further proof that your word is good and that your capacity and readiness to meet your obligations are equally sound.

Fleming Family Holds Reunion

Zwick's Island Park proved to be a popular spot for the Flemings on Sunday afternoon when some one hundred and eighty members of the family met for a picnic lunch and reunion.

After dinner, the President, Mr. Clifford Ray, conducted the business which included the minutes of the previous reunion and the treasurer's and historian's reports. Table prizes were won by Mrs. Eugene Francis, who was the latest bride. Prize for the youngest boy at the picnic went to Larry Bird, son of Mr. and Mrs. Bill Bird. The youngest girl was Tina Marie White, daughter of Mr. and Mrs. Edward White, who also received a prize. The oldest lady and gentleman present were Mr. and Mrs. A. Stevenson, 85 and 83 years of age respectively. The person from the farthest point was Mr. Garth Timbrell and the nearest birthday was that of Roger Reid.

The election of officers resulted in the return of the same executive as at present with the exception of the historian's job, which was turned over to Mrs. Arthur Timbrell. The retiring historian, Mrs. Harold Francis, received a vote of thanks for her work over the past several years.

The President expressed his thanks to all those who attended the reunion and invited all back to the next picnic to be held on the same location on the third Sunday in July, 1970.

The sports committee organized games for the children, including races and relay games and treats were handed out to all the children. The adults spent some time visiting until the supper hour, after which the gathering broke up and everyone in the clan agreed it had been a great day.

Let's Have The News

The summer season is here and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points.

Every one of these visitors is a news item of interest to at least some of our readers and we are very anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know.
